## PAYS TRIBUTE TO PERRY CLARK

COURT ADJOURNS DURING THE AFTERNOON.

Morrison Case Will go to the Jury Early Tomorrow Morning.

Fitting tribute was paid this afternoon by the circuit court to the memory of J. Perry Clark who died Sunday and was buried this afternoon. For many years Mr. Clark was grand jury bailiff in this county and in many other ways has been affiliated with affairs of the county. Judge Knowles ordered the recess at noon, to convene again at 3:30 and practically the entire court circle of attorneys and attaches paid last respects to the deceased by attending the services.

Morrison Case Near End.

This forenoon and the adjourned session this evening heard the arguments to the jury in the escheat case against the Morrison estate. The evidence has been introduced and the attorneys are bending themselves to the task of persuading the jury. The case is unusual in many ways and interesting in the extreme, but much of the evidence introduced this time has been heard before, as the case was won by the state at a recent term of the circuit court, but was sent back for re-trial by the supreme court. The case will be given to the jury early tomorrow morning, according to the common belief.

The court is holding night sessions so as to hurry through the routine.

**Howell Fined.**  
E. D. Howell was fined this morning by Recorder Cox for being drunk and disorderly. He will work off a \$20 fine on the streets.

## PROGRAM READY FOR CONCERT

**MAKING SURE of your ACCOMMODATIONS**

In Preparing for a journey the telephone performs a great variety of services. Reservations are made, last directions are given, good-byes are said, over the wire.

The Long Distance Service of the Bell System is of special interest to the traveler. Sometimes the Bell Telephone make a trip unnecessary; sometimes it convinces him that a trip would be profitable. Wherever he goes, he feels the need of universal service, and that is Bell Service.

**Pacific Telephone and Telegraph Co.**

Every Bell Telephone is the Centre of the System.
