**NEW IRRIGATION SCHEME.**

**Local Electric Company will Install Pumps to do the Work.**

The Eastern Oregon Light and Power company is planning to install electric pumping plants wherever desired according to announcements made by the head office at Baker. The announcement says:

All persons owning land in Baker and Union counties, not supplied with sufficient water for irrigation purposes, are earnestly requested to furnish their names and addresses to either in Baker City or our La Grande office. It is our aim to have a representative of our engineering department make calls for the purpose of getting the necessary surveys and to furnish estimates as to the cost of irrigating such grounds by electrically operated pumps.

It has been our observation that hundreds of land owners within the limits of our high tension transmission lines are in possession of valuable tracts of land, without fully realizing how easily and inexpensively the same may be irrigated by

pumping electrically from rivers, ditches, wells, etc.; and it is our intention wherever possible to form such into groups in order that their land may be reached with the extensions to our electric lines at the minimum of expense to each.

Hydro-electric irrigation has been the main factor of development during the past several years in many western communities. During this practicability within our own territory by the installation and successful operation of several pumping equipments at Baker City, North Powder and La Grande; and the results as viewed by the practical irrigators in these communities, has been most gratifying, indeed.

Since the advent of this comparatively new method of irrigation, many land owners have awakened to find what had heretofore been considered an almost valueless tract of land is their most valuable possession, as a nominal sum paid per acre for electric power will now place their land under water.

It is also found that in many places where ditches or natural streams are not available as source of water sup-

ply, that a well of comparatively small dimensions is found adequate for the purpose, as both Baker and Union counties are amply supplied with sub-surface water.

If all persons owning high or dry ground will kindly notify one of our main offices, we will cheerfully furnish free the services of one of our engineers for the purpose of getting data essential to making the estimates on the cost of electrically operated pumping equipment.

**DANCE JULY FOURTH.**

Notice is hereby further given that the Council will levy a special assessment on all the property affected and benefited by such improvement for the

purpose of paying for such improvement. That the estimated cost of such improvement is the sum of \$35,972.39.

That the Council will on the 13th day of July, 1910, meet at the Council chamber at the hour of 8 o'clock, P. M., to consider said estimated cost, and the levy of said assessment, when a hearing will be granted to any person feeling aggrieved by such assessment.

La Grande, Oregon, June 22, 1910. CITY COUNCIL OF LA GRANDE, OREGON.

By D. E. COX, Recorder of the City of La Grande, Oregon.

In general we hate to think we have no enemies, but specifically we hate to think we have.

**One Drawback.**  
"Do you believe in old age pensions?"  
"Well, they would be hard on the women."  
"In what way?"  
"The poor things would be going from 35 to 65 all in one jump."

**Useful Charlie.**  
"The girls seem very fond of him."  
"Yes."  
"I never could see anything in him. I wonder what they find to like about him."  
"They say he ties their shoes so charmingly."

**Unpleasant.**  
"I don't believe that you know what truth is."  
"Oh, don't you?"  
"No, I don't."  
"Well, I do know. That's the reason I am such an accomplished liar."

**Laurelhurst**

The Addition with Character

**Let Your Mind Penetrate the Future but a Little---Imagine Laurelhurst as it will be soon, with 52 miles of Handsome Homes---Imagine the Environment**

Any man or woman who contemplates the purchase of real estate either for investment or home purposes should see Laurelhurst. It is the investment opportunity of Portland today. Lots in beautiful Laurelhurst are being sold in the south half in which is located Ladd Park at the original prices. These prices are 50 per cent lower than is being asked for other property with none of the natural advantages of location, accessibility or environment which Laurelhurst in so short a time.

See Laurelhurst. Walk on the ground. This is the only way to judge property. See Laurelhurst. You need do no guessing. Just note the high grade improvements that are being made now. Take note of its accessibility to town, transportation facilities and the natural beauty of the tract. Use your own good judgment and estimate the future of this close in tract by the past—by Portland's growth for the past few years.

There will be no long waits in Laurelhurst for the improvements. They are being made now. They will be completed throughout the entire tract by the end of the year. This property will build up very fast, for there is no long wait for transportation. There car lines are there now. Within one year scores of new homes will be completed or in course of construction in Laurelhurst.

**LOTS FROM \$1200 UP**

These are the original prices in the south half. The prices at which this property was first placed on the market. We want you to know it as the largest tract, the most highly restricted tract, is close in. It is in the heart of the best residence section of Portland and values will double and more within a year.

For the next week only, Mr. J. R. Moore, state manager for the Laurelhurst Company, will be in La Grande. Parties interested can get information by addressing him or calling at the office of our agents in La Grande.
