EMPLOYEES SCORE VICTORY WITH NO STRIKE

PENNSYLVANIA EMPLOYEES GET NEW YORK CENTRAL PLAN

Minimum of Ten Hours' Pay If Called Out Only for Few Minutes

Philadelphia, July 19.—Following an agreement reached late yesterday, officials and employees of the Pennsylvania lines are today working out details of an agreement which averted a strike. The road adopted the New York Central standard for payment of employees. This is greatly beneficial. Heretofore they paid on the trip basis, but now will be paid on mileage. The principal victory was a minimum of ten hours a day. Whenever called out, even for a few minutes the men get full pay.

New England Chautauqua.

South Framingham, Mass., July 19.—With some of the leading educators and clergymen of the country on the program, the annual meeting of the New England assembly opens today at Montwait, to continue ten days.

To Reflect Cummings.

Portland, Ore., July 19.—New England delegates to the national convention of the Ancient Order of Hibernians today launched a boom for the re-election of national president Matthew Cummings of Neponset, Mass. It is asserted that the order has made great progress under his leadership and that he deserves another term as an appreciation of his faithful and earnest services.

Teas to Ban Fight Pictures.

Austin, Tex., July 19.—Governor Campbell today submitted to the state legislature, which convened in special session, a recommendation for a law prohibiting moving picture exhibitions of the Johnson-Jeffries fight.

It is probable that the measure will seek to debar the exhibition of all kinds of pugilistic encounters. The governor says the display of the fight pictures would excite race feeling and probably result in disturbances. The special session begins its work only ten days before the democratic

primaries, which will be held next Saturday throughout the state, as the culmination of a spirited and bitter campaign.

The specific purpose of the special session as named in the call is to repeal the fire insurance rating board law. It is charged by anti-prohibition leaders that the governor's real object is to forestall the possible election of O. B. Colquitt, the candidate of the anti-prohibition faction for governor by raising and bringing about the enactment of restrictive legislation that will practically put the saloon out of business in Texas.

At The Isis

"The Face at the Window" (Biograph).—A drama with an evident purpose told in a masterly way and acted with all the dramatic fervor the capable company can command. It is one of those heart stories which have such a direct appeal that one cannot escape from its fascination, or forget its impression. Descriptions convey no adequate conception of the power and beauty of this unusually satisfactory picture. Not only is it an entertaining story; it is a powerful incentive to right living in that it illustrates too graphically to be mistaken the influence of evil associations.

Will Camp in Mountains.

Deputy Sheriff George Lingren will leave shortly for the Cornucopia mountains where he will spend his vacation making snowballs and chasing jeteles. He is mining property in that district and will look after assessment work while absent from the court house.

Moving to Foley Hotel.

Mrs. E. G. Adcock is moving her hairdressing parlors to the Foley hotel and the apartments which she occupied in the Masonic building will be used by W. W. Berry, giving much more room for the new store.

Clerk Corpe Improving.

H. A. Corpe, clerk of the Merchants' Protective association who has been ill at Cove, will be able to resume his duties at the end of the week, it is believed.

As a rule, the coffee shrub first flowers in its third year and then bears only a small crop of fruit. The fifth year is usually the time of the first considerable yield. In Java three gatherings are made annually, called the "early," the "chief" and the "after crop," but only the second is of great importance. The flower enjoys but a very ephemeral existence, as the setting of the fruit generally takes place within twenty-four hours, and the petals wither and fall off almost immediately. A coffee estate in full flower is a very beautiful sight, but its glory is very soon past.—Westminster Gazette.

DELEGATES ARE LEAVING

Union County Delegation Will Be On Hand Early When Assembly Meets.

Union county's delegation to the state assembly, which convenes in Portland Thursday morning at nine o'clock, will leave La Grande this evening to be on hand early Thursday. State Central Committeeman C. E. Cochran left last evening, and the balance of the delegation with a few exceptions, leave tonight. A few will not go until tomorrow night.

Mr. Cochran is incidentally one of the La Grande attorneys who will attend the meeting of the state bar association in Portland. One of the important propositions to come before the state bar this year is the matter of election of a non-partisan judiciary. The plan of this movement is for lawyers of the state to suggest four candidates for the supreme court, all politics and partisan features to be left out of the question and the nomination made on a purely qualification basis. It is believed the bar will take such action.

Going to Sell Property.

Today Sheriff Childers and J. B. Thomson left for Camp Carson where the sheriff will sell all personal property belonging to the Aurelia mine, under execution.

ADHERE TO MURDER THEORY

Though Nothing Convincing Is Unearthed, Police are Confident.

London, July 19.—Although the police have decided, as yet there is no official evidence that Mrs. Crippen was murdered, they continue in the opinion that a most brutal crime is unearthen. Regions of the canal were dragged today in an effort to find the missing feet, hands and head. A handkerchief and a coat were found in a basement near the body. The police are trying to prove that they belonged to Crippen. The case is more unexplained than ever.
