SIRES AND SONS.

Aviator Curtiss when flying wears a little gray cloth cap and bites his mustache.

Major General Daniel E. Sickles is the oldest living civil war leader. He is eighty-seven years old, but still stalwart and active.

Edgar Bloom, a travelling salesman, of Kansas City, Mo., is deaf and dumb. He sells diamonds and carries a price list printed on a card which he hands to each merchant he visits.

The trustees of the University of Chicago have granted to Professor Oscar Bolza of the mathematical department permission to spend the rest of his life in Freiburg, Germany. He will draw the same salary he received when active.

Robert Alphonso Taft, son of the president, who has just been graduated from Yale university, is going to start work in the Harvard Law school in October. He is the first son of a president of the United States to acquire a Yale diploma.

Henry Dexter, president of the American News company in New York, ninety-seven years of age, still sits at his desk. He goes down to his office every day in an automobile and takes a very active interest in his business as well as in philanthropic affairs.

Fernando Jones, who celebrated his ninetieth birthday recently, has lived in Chicago longer than any other person. He settled there in 1835 and has lived there ever since. When he first saw the village it was nothing unusual to observe Indians upon the streets.

Base Hits.

Rumors are persistent that Cy Young is about done for as a pitcher. But he has a fortune.

For a man who doesn't swing violently Schulte of Chicago hits a ball as clean and hard as anybody in major league circles.

Outfielder Clyde Millan, who had a miserable year in 1909, is playing grand ball for Washington this season. They do come back now and then.

Chase is the veteran in point of service on the New York team, and yet he is under thirty, and this is only his sixth season with the Highlanders.

Detroit critics concede that Russell Ford of the New York Americans is a great pitcher, but doubt is expressed there whether he lasts the year out the way he exerts his arm in throwing the spitter.

Household Hints.

A strip of emery cloth tacked to a small square board will be found useful for quickly sharpening the carving knife.

The newest silence cloth is of asbestos. It is thin and as easy to fold as a tablecloth, yet it effectually protects the table top from injury by hot dishes or spilled liquids.

A "ready made cooking cupboard" for the unexpected that always happens may contain soup, salmon, an entree, bottled peas, canned or preserved fruit and anything else which is suitable for a hurried luncheon or dinner.

Train and Track.

Since Mexico acquired control of its principal railroads six training schools for railroad men have been opened in the City of Mexico.

Between Liverpool and Manchester there is an excellent hourly express train service. Packages sent by parcels

post forwarded on these trains up to 6:30 p. m. are delivered the same day.

In many of the leading industrial countries of Europe the steel railway tie is being largely substituted for that of wood. In England such ties can be marketed at \$30 per ton, or less than the present cost of wooden ties.

Town Topics.

New York persists in the thought that it is a world's fair in itself. It has all the sidishows anyway.—Pittsburg Dispatch.

A Boston professor says the world will be crazy in 205 years. The world is not inclined to give Boston that long.—Chattanooga News.

Chicago has cut its high school course to two years in order to induce pupils to abandon the habit of quitting school at the end of the grade courses. If the Windy City would double the length of the vacations it might also reduce truancy.—St. Paul Pioneer Press.

Wireless Whispers.

There are eighteen recognized systems of wireless telegraphy.

The number of wireless stations on the coasts of the maritime nations of the world is placed at 418.

It is contemplated to establish wireless telegraph stations in German East Africa, Togoland, Kamerun and German Southwest Africa and also between the different German south sea colonies.

State Lines.

Missouri manufactured 27,735,260 corn cob pipes last year.

For the first time in many years Nevada produced a marketable quantity of quicksilver last year.

More than 5,000,000 rose trees have been planted in Oregon since the movement was started three years ago by the Rose Festival association.

Of the 1,000,000 horsepower which the rivers of Minnesota are estimated to be capable of producing less than one-third has been made available.

The trouble with some of us is that we look upon any change as a reformation.

Maxwell Wins

Thrills followed thrills as speeding automobiles shot around the course of the Ingleside Race Course, on April 24th, in the second and final day events of the successful meet promoted by the members of Islam Temple of the Mystic Shrine.

The honors of the day were divided between Barney Oldfield, with his 200 horsepower Benz machine, and C. O. King, with his Maxwell 30 horsepower stock car. Oldfield lowered his previous record of one mile to 51.5-6, which is a new coast record for the circular track. With the exception of this performance, Oldfield had to take second place in the list of racing honors, as the world's champion met defeat in both the five and fifteen mile handicap events, and in both races King and his Maxwell were the victors. In fact, King proved the surprise of the meet, driving all of his races with much judgment and taking the turns with his car as close to the fence as did Oldfield. In the five mile handicap, Oldfield drove his Knox racer to the utmost, but the handicap was too strong and he could not get the lead away from King. Not only in the handicap events did King and his Maxwell prove stars of the first order, but in one of the first events of the day, the five mile race for cars costing from \$1200 to \$1600, which was one of the best matches of the meet.

The time for the five mile handicap was as follows: Maxwell, King, 4.40.30; Oakland, Nelson, 4.48.25; Chalmers, West, 4.49.30; Auto Car, finished fourth, and the Knox car, Barney Oldfield driving, fifth. In the event number eight, ten miles free-for-all handicap, King and his Maxwell again were the winners, the Maxwell's time being 19.30.
