Wright Merc. Co., supplies per bill 9.63	W. H. Russell, repairs per bill 1.25				

(Continued on Page Six)

Ladd Park, which is located in the center of Laurelhurst, is to be improved at once, and when the proposed improvements have been made it will be the most magnificent public park in Portland. These improvements include the creation of extensive botanical gardens, an enlargement of the present natural lake now there, and scenic driveways and walks.

Residence property fronting on or convenient to a public park is always in demand and brings high values. The boulevards of Laurelhurst have been made to conform to the proposed driveways of the park. As soon as the improvements in Ladd Park are completed, then prices in Laurelhurst lots will advance another notch or two.

Laurelhurst

The Addition with Character

- Laurelhurst is a good place to invest money in.
- BECAUSE** The titles are perfect. A warranty deed with full covenants and a certified abstract of title will be given to each purchaser.
 - BECAUSE** The prices are low. This is nearly always the case in placing a new addition on the market. The prices are made very low to get people interested. The value of all the property increases as new homes are built, and those who buy early share in the increased value, because they help to make it.
 - BECAUSE** The population of Portland is growing at the rate of 30,000 a year, and all of these people must have homes. The building statistics for the past 21 months show that 51 per cent of the permits granted for residences have been issued for homes on the East side. Today 73 per cent of the people in Portland live on the East side, and 27 per cent on the West side.
Does this mean anything?
It means wonderful advances in east side prices in general, and Laurelhurst in particular, because Laurelhurst prices are now just about one-half of the real values.
 - BECAUSE** It surrounds the new city park that is to be improved at once, and made one of the great scenic attractions of Portland, adding value to all adjacent property.
 - BECAUSE** The lots now selling at an average price of \$1150 each will be worth double that amount in one year.
 - BECAUSE** We are offering Special Inducements to those who commence building this year.

OFFICERS AND DIRECTORS
