## IMPROPER DATA GIVEN OUT

LAND OFFICE HERE SHOULD BE SOUGHT FOR INFORMATION

People Intending to Locate on Wallowa Forest Often Misguided.

Persons who desire to make entry for any of the lands to be restored in Wallowa and Baker counties, should be properly advised before making their locations.

Many inquiries have recently been made at the United States land office at La Grande, relative to the lands within the Wallowa National Forest reserve, which are to be restored to entry, and in many instances it seems that improper information has been given to persons who contemplate making settlement in order to secure a preference right to make their filings

In the proclamation issued by President Taft, under date of May 27, 1910, it is provided:

"The lands hereby eliminated from the Wallowa National Forest reserve, which are not embraced in any other reservation or appropriation, shall be restored to the public domain and become subject to settlement under the general provisions of the homestead laws on such date and after such notice by publication as the secretary of the interior may prescribe, but shall not become subject to entry, filing, selection or other form of appropriation until the expiration of thirty days from the date so fixed, and no person shall be permitted to gain or exercise any right whatever under any settlement or occupation begun prior to such date, and all such settlement and occupation are hereby forbidden."

The Register and Receiver have not been advised by the secretary of the interior as to the dates when the land to be restored shall be subject to settlement or entry, but when such information is received, it will be made a matter of publication.

Until this information is received, all persons who contemplate making any settlement or entry for these lands should seek any desired information from the Register and Receiver in order that they may be properly guided.
