:: HAVE JUST ARRIVED ::

Call and pick out your pattern. Have it made when you want it. You are well dressed when you wear our Suits

THE TOGGERY Al. Andrews

Turkey Dusters

There is no question about the everyday usefulness of a feather duster. You can get along without one, but better with one. Saves stooping, reaching and climbing, and will do some kinds of dusting better than anything else.

The time was when the cost made them luxurious. Our prices ought to make them necessities. After using one a while you would as soon think of getting along without a broom as a duster. Our stock of dusters was bought close and we can afford to sell them the same way.

YOU'LL BE STRUCK WITH AMAZEMENT

If you could see how some factory made clothing is put together. The skimping of materials, the inferior interlinings. But none of these things occur in a suit of our tailoring. That's why one suit of ours will outlast two of the factory made. Order one and the wear will prove it.

ROCK CRUSHER IS NOT RUNNING

MACHINE WILL START IN ABOUT
FIVE DAYS HENCE

Rock Will be Placed on Adams Com-
mencing Next Thursday

While it has been generally believed that the Warren Construction company rock crushers have been at work here for some time, it is a fact that the machinery has not been started yet. The crusher arrived recently from Twin Falls but some repairs were necessary and it will still be a few days before it is started. The

bins where the crusher stands, have been well filled with rock and once started the work will proceed with all dispatch.

That part of Adams avenue now graded will be rocked about next Thursday and in the meantime, the grading will proceed on down the street.

To Issue "Wind Checks."

Pittsburg, Ja., Aug. 4.—A new wrinkle in aviation meets, in the way of "wind checks", will be introduced by the Pittsburg Aero Club at its meet tomorrow at Brunot's Island, in the Ohio river. The wind check is a coupon entitling the holder to come around the next day free of charge in case the wind should prevent the scheduled flights tomorrow or at any future meet. The principle is the same as the baseball "rain check." Glenn Curtiss, J. C. Mars and Captain Baldwin have been engaged for the meet and will attempt to penetrate Pittsburg's pall of smoke. There is much speculation as to whether the smoke will be a help or hindrance to the aviator. It is suggested that it should prove to be an aid to flight, on the same principle as that salt water is more buoyant to the swimmer.

KING OF THROAT AND LUNG REM- EDIES

DR. KING'S NEW DISCOVERY

FOR COUGHS AND COLDS
CURES ALL THROAT AND LUNG
DISEASES

SAVED HER SON'S LIFE

My son Rex was taken down a year ago with lung trouble. We doctored some months without improvement. Then I began giving Dr. King's New Discovery, and I soon noticed a change for the better. I kept this treatment up for a few weeks and now my son is perfectly well and works every day.
