

La Grande Evening Observer

VOL. XI LA GRANDE, UNION COUNTY, OREGON. SATURDAY, AUGUST 6, 1910. NUMBER 238.

JUDGE LOVETT IS EXPECTED HERE IMMEDIATELY

LOCAL OFFICIALS ANTICIPATED HIS ARRIVAL THIS AFTERNOON SOME TIME

ONTARIO NEW TERMINAL

Seems to Be Conflicting Reports as to Final Destination of Supreme Head of the Harriman System—Some Say he Is Going to Interior Oregon from Ontario—Others Claim He Is Coming Through La Grande.

Judge Robert S. Lovett, supreme head of the Harriman railroad system since the founder, E. H. Harriman, died, is in Eastern Oregon and momentarily his arrival on the Oregon Railroad and Navigation lines is anticipated. Local officials stand in readiness to take charge of the special train carrying the party of prominent officials. They were due at Baker City last evening, but for some reason have not made their appearance at Huntington, at 2 o'clock this afternoon. It is possible that the party has struck off cross-country to the interior of Oregon.

In the party are Vice-president and General Manager J. P. O'Brien, Chief Counsel W. W. Cotton and a half-dozen of the O. S. L. officials. The galaxy of officials were assembled at Ontario to negotiate the sale of a section of the O. S. L. to the O. R. & N., and the terminal at Huntington is to be moved on to Ontario, 35 miles, adding that much to the run out from La Grande.

Newspaper reports are to the effect that the entire crowd will go to Burns as soon as the sale at Ontario is negotiated. On the other hand, railroad reports have it that the judge and party are coming over the O. R. & N. at once. Judge Lovett has never been in La Grande, and his visit is consequently of much importance.

Local officials know nothing of the pending change in division points, and it will make little difference to this point.

NEW BAND LEADER HERE.

Prof. Hill of Toppenish, Wn., is now in charge of local band. The La Grande band held a rehearsal last evening under the leadership of Prof. Hill, the newly installed band master. Mr. Hill is a musician of rare ability, and he is commencing to build up the efficiency of the band from the bottom, and the band members are enthused over their new leader's skill, and interest. Mr. Hill is a tallor and will locate here permanently.

JOSEPH BANK IS TO BE MOVED

COMMON TALK THAT MR. McCULLY WILL MOVE BANK

Combination Institution to be Erected at Enterprise, Say Reports

Enterprise, Ore., Aug. 6.—Special.—It develops, if current testimony proves true, that the new bank to be started in Enterprise by Salt Lake City capital, will be also a "combination" of the new bank and one of the present banks of Joseph, seven miles from here. This statement has not been verified by any one connected with the new concern, but repeated rumors come from somewhere, apparently everywhere, announcing that the McCully bank of Joseph will move to Enterprise. The McCully bank is one of the oldest institutions of its kind in Wallowa county. The F. D. McCully mercantile company, controlling the bank, was at one time in the early days of the county perhaps, the largest business firm here and in the adjoining counties, having stores at the leading settlements within the county. The firm had mail contracts at one time from the main lines of railroad to the interior, and for years conducted a stage traffic without a single fatal accident or "hold-up," during a quarter of a century when accidents and hold-ups might have been the most logical happenings possible. The fact that they did not occur, as rehearsed by many pioneers here, shows good management. If rumor proves true, that this firm should consolidate with Salt Lake City capital in moving the Joseph concern here and establishing a new banking institution, the fact would greatly increase the bank deposits of this city and add many new banking customers to the county seat.

BIG WINTER APPLE.

Imbler Orchard has Winter Variety of Large Proportions Early. A winter variety of apples growing on the Cleaver orchard at Imbler was brought to La Grande today. It measures 12 inches in circumference and this so early in August is a remarkable size indeed. Haney from the Chase company of Racine, Wis. The outfit consists of traction engine, separator and water tanks and trucks.

CURTIS DENIES PORTER HOVERS NEAR DEATH AT ELGIN

GORE CHARGES OF GRAFT

DENIES HE EVER KNEW HAMON WHO IS CONNECTED WITH GRAFT CHARGES

BLIND SENATOR RETORTS BOND IS TEN THOUSAND

Muskogee, Aug. 6.—Senator Curtis, of Kansas, was before the committee investigating the Gore charges today, and denied Senator Gore's charges that he was interested in the McMurray contracts on Indian lands in Oklahoma. He said: "I have never been interested in the McMurray contracts. I am a member of the committee on Indian affairs, and knew Murray and Gore. As far as I can remember I never met Hamon. The committee expects to finish today."

"In April Taft said he desired to see Sherman and myself," said Curtis. "We went together to the White house and Taft asked for information regarding the proposed granting of tribal rolls and asked us what we thought about it. I said I thought it would be a grave mistake for him to take any other stand on the question." Curtis declared Gore told the committee on Indian affairs that certain men interested in the land deals was to get two commissions.

Gore Answers Hamon.
"I am not surprised that one willing to debauch, would be willing to defame," was Gore's comment on Hamon's testimony yesterday, in which the witness intimated Gore's charges might have been made in the spirit of revenge.

Gore sent numerous telegrams last night, and while it is not known what the nature of the messages were, it is believed he expects to show the nature of telegraph correspondence between certain congressmen and those interested in the Indian contracts, and that he is asking some of these men to appear before the committee.

BUMPER WHEAT CROP

John Wells of Imbler Will Produce a Remarkable Crop of Wheat. Among the banner stands of wheat that are being harvested this week, is that of John Wells near Imbler. The ranch consists of 400 acres and it is averaging forty or more bushels to the acre. The stand is remarkably even and is credited with being one of the finest wheat fields in Union county this year.

Allen & Lewis Car Here.
The Allen & Lewis touring car, which is operated by Larry Larison, a Portland drummer, is in La Grande today. The machine has just completed a trip to Boise, Burns in interior Oregon, and Joseph in the Wallowa country. This is a Maxwell car. Portland wholesalers are rapidly coming to realize that the automobile is a far more convenient and time-saving method of travel than the train service formerly resorted to.

Wreck Hurts Premier.
Winnipeg, Aug. 6.—In a head-on collision here last night, Sir Wilfrid Lawler, premier of Canada, who is touring Canada, was slightly injured about the legs, hands and face by broken glass. The fireman on the train was killed.

Gasping for breath to revive punctured lungs, and notwithstanding a slight improvement this afternoon following several hours of constant sinking from the effect of injuries sustained last night in a quarrel with his son-in-law, William Porter is said to be dying this afternoon, and few hopes for his recovery are held out. He was shot over the right nipple by his son-in-law, Jess Parker, a well-known Elgin farmer. For several months there has been "bad blood" between them and Parker says there have been threats of murder from the Porter side of the trouble. Porter claims that Parker mistreated his three-year-old son and after a series of quarrels the men met in the road last night, in the heat of the quarrel guns were flashed, and Porter was shot down. He was thought to be seriously, but not fatally hurt last night, but today the chances for recovery are very few.

Parker Has Hearing.
Parker was given a hearing in Elgin today and bound over to the circuit court on \$10,000 bonds, which will be liquidated this afternoon. The bond was increased when it was learned that Porter is dying. He cannot speak and his physical condition is rapidly growing worse. District Attorney Ivanhoe will go to the scene of the shooting this afternoon and personally inspect and examine all matters pertaining to the affair.

Elgin is much excited, as both principals are well-known people. The assaulter is the son of Sam Parker, a pioneer of Elgin. Parker gave himself up to the authorities at Elgin last night and came on to La Grande by automobile. He was in charge of Constable Tilden Booth and the trip was made in the Jessie Hindman machine. The authorities at Elgin were in error in sending Parker to La Grande, but he took the mistake good naturedly and this morning returned to Elgin, still in the custody of the constable. District Attorney F. S. Ivanhoe and Attorney T. H. Crawford were also with the party, the first as prosecutor and the latter as counsel for the defense.

While Parker did not authorize an interview, he still maintained today that he was justified in the shooting. He claims there has been bad blood between them, and that during the quarrel in the road last evening, Mr. Porter suddenly placed his hand on his hip, and Parker, believing the crisis of the quarrel had suddenly been precipitated, quickly drew a .22 Remington and opened fire. Three shots were fired, but only one took effect, lodging in the breast near the region of the lungs. He immediately went on to Elgin and surrendered to the authorities, the trip to La Grande and back again this morning, following.

This morning reports from Elgin say that Porter is in a critical condition.
