Children's Eyes

SHOULD BE EXAMINED BEFORE SCHOOL COMMENCES.

You are a Parent?
Your child is in school a certain number of hours each day, using the eyes constantly. Each year the lessons become harder, books are taken home, studies are continued in the evening, the eyes are being overtaxed, the delicate muscles are strained; yet perhaps no thought is given to helping the eyes. I know that injury results from this neglect. We must realize that, if there is a cause for eye strain, there must be a remedy, the remedy most naturally would be rest for the eyes. This rest can be obtained by wearing resting glasses. My advice to you is: Come and get my advice; let me explain to you scientifically why resting glasses should be worn. I believe that parents use very poor judgment in not caring for their children's eyes, when the remedy is so simple and the cost so slight. My 29 years of experience is at your service. Every known facility for the testing of eyes is available, and I guarantee satisfaction in every respect. Charges very reasonable.

PORTLAND GIRL CRUSHED IN ELEVATOR

MURMURS NAME OF HER LOVER
WHILE LIFE EXPIRES

Caught Between Elevator and Build-
ing—Chest Crushed to Pulp.

Portland, Ore., Sept. 2.—Murmuring the name of the sweetheart whom she was to marry soon, Mabel Putman, aged 20, a stenographer, died a few minutes after she was extricated from a building doorway and elevator today. She was stepping into the cage on the fourth floor, when the elevator dropped, crushing her chest to a pulp. Experts worked ten minutes raising the elevator, while the girl breathed the name of Ralph Burnett, a young man whom she was engaged to two weeks. The girl came from Ashland. Her father is a lumberman.

Have You Read This Book?

A new book telling how the fearful appendicitis is caused and how you can EASILY prevent it, is being read with much interest by La Grande people. It is given away free by A. T. Hill.

HOME FROM ASTORIA.

Dr. W. F. Phy Completes Duties as
Official at Regatta.

Doctor Phy, accompanied by Fred B. Currey are home from Astoria, where the doctor was medical inspector—the only inspector among the officials—and ranked as commodore. The two men saw the regatta races and Dr. Phy officiated during the events. The men report the regatta to have been a great success.

HOME FROM ALBERTA.

Fred J. Holmes Returns from Jauket
to Canada on Inspection.

Fred J. Holmes, president of the M. & M. Company, arrived home last evening from Calgary, Alberta, where he inspected holdings of his own, and those of J. E. Reynolds. The two together own a section of land, which is partly under cultivation. On account of the drought, the crops are not up to the standard. Mr. Holmes says a large area of the land in Alberta is under irrigation ditches, but the plants have not been entirely completed, and the irrigated acreage will be doubled next year. In some parts of Alberta, rain visited the country at the right time and crops are large, but in other sections it is badly dried up.

Make Big Shipment of Sheep.

Jay H. Dobbins, Fred Falconer and W. H. Graves this week shipped 40 cars of sheep to Chicago. Owing to the local rate from Enterprise to Elgin, which is \$16.00 per car, and as the drive from the summer range is no farther to Elgin than to Enterprise, the sheep will be loaded at Elgin and sent out from that point.

The shippers are practically compelled to make this shipment to Chicago on account of the exorbitant price the farmers are asking for their hay.

The shipment will be watched with a great deal of interest by other big sheepmen and if it proves satisfactory, other big shipments will without doubt follow.—Enterprise News-Record.
