

EVERY TIME a man wants to get away from all connection with the busy world, the telephone is an important helper.

The local service is useful in arranging his affairs at home, and the Long Distance service of the Bell System helps him to decide where to go and what to take.

By means of his Bell telephone he can find out whether the fish are biting or the birds are flying, and whether guides or horses can be secured.

After he has been out a while if he wants to get word from the city, the nearest Bell telephone is a friend in need.

APPLE SHOW JUDGES NAMED.

List of Experts Will Attend Awarding of Prizes.

Spokane, Wash., Sept. 6 (Special)—Five experts of recognized ability and continent-wide experience have been appointed by the board of trustees of the National Apple Show to pass official judgment on all exhibits and award cash prizes and premiums of a total value of \$20,000 at the third annual exposition in Spokane, November 14 to 19. Professor E. H. Van Deman, of Washington D. C., is chief judge, his assistants being J. W. Murphy of Glenwood, Iowa, C. J. Sinsel of Boise, Idaho, Professor S. A. Beach of Ames, Iowa and J. Gibb of Kelowna B. C. The judging will begin at noon on November 14.

Professor Van Deman, who is conceded to be the foremost authority in America, has been in exposition work since 1884, when he was judge at the Cotton Centennial exposition in New Orleans. He judged fruit at the Trans-Mississippi exposition, Omaha; at the Pan-American exposition, Buffalo; Lewis and Clark exposition, Portland, Ore.; Jamestown exposition, Jamestown; Alaska-Yukon-Pacific exposition, Seattle; second National Apple show, Spokane, and a number of fruit and apple shows in the United States and Canada. He is a life member of the American Pomological Society and organized and conducted the division of pomology in the United States department of agriculture for years.

Professor Beach, who was chairman of the board of judges at the first National Apple show in Spokane, is horticulturist at the Iowa Agricultural experiment station, Ames, and was horticulturist at the New York Experiment station, Geneva, for 14 years prior to 1905, since which time he has been at Ames.

Mr. Murphy was with the Iowa exhibit at the World's fair, Chicago, in 1893 and assisted in judging fruit at the exposition. He also had charge of exhibits which won premiums at the Trans-Mississippi and Louisiana Purchase expositions, the National Horticultural congress and several state fairs.

Mr. Sinsel is among the leading authorities on western apples, particularly commercial varieties and their marketing. He went to Idaho in 1899, since which time he has made his home at Boise. He was vice president of the Northwest Fruit Growers' association two years, also serving two terms as secretary of the organization.

Mr. Gibb is a practical horticulturist with seven years' experience in selecting and packing prize-winning fruit for exhibitions, including those in Great Britain, Belgium, Toronto, New West Minister, Seattle and Spokane. He had charge of demonstrations in packing for the provincial government of British Columbia last winter and has been retained for this season.

Don't waste your money buying plasters when you can get a bottle of Chamberlain's Liniment for twenty-five cents. A piece of flannel dampened with this liniment is superior to any plaster for lame back, pains in the side and chest, and much cheaper.

ROOFING TIME IS HERE

Now is the time to settle your roofing problem, and the most economical and satisfactory way is to use

J-M ASBESTOS ROOFING

It is permanently durable because made of ASBESTOS, an indestructible mineral, which is not affected by fire, rot, rust or wear. "J-M" is the only prepared roofing which does not require coating or painting to preserve it. Hence it is the "cheapest-per-year" roofing. Easily applied.

ASBESTOSIDE is an Asbestos Siding for buildings and is the most economical, durable and easily applied siding known.
