

TOMORROW THE WISDOM IN MORE LAST DAY TROUBLE

LINEUP ASCERTAINABLE AFTER TOMORROW EVENING.

All Candidates Must Have Petitions Filed by 5 O'clock Tomorrow.

Tomorrow night at 5 o'clock is the day and hour when candidates for state and county offices must have their candidate's petition filed with the county clerk or with the secretary of state. There seemed to be some misunderstanding about the final day for filing the papers, but the attorney general has ruled that September 8 is the last day. Consequently tomorrow night will give a review of who is who at the primary election.

There are several offices for which only one candidate is aspiring and consequently the races will not be as exciting in some instances as where several are after the same job.

Isn't It Awful Hans!

Cincinnati, Sept. 7.—Not since the year of the great freeze which destroyed all the hop trees has there been such grief in Cincinnati. Ohio is the center of the nation's sauer kraut industry, and news from many sections of the state indicates that the 1910 crop will be very short and of a poor quality. Kraut makers fear that the supply will not come near the demand, and unusually high prices will probably be charged.

There have been rumors recently of a stiff raise in the price of beer, and reports from Germany say that the limburger cheese is strong—as to price—and likely to become stronger. The sauer kraut shortage, coming on top of the other threatened calamities, will make the "high cost of living" a live issue to the German population.

To Observe "Admission Day."

San Francisco, Sept. 7.—"Admission Day," Sept. 9, will be more generally observed throughout California tomorrow than ever before. The observance in this city will begin tomorrow and continue three days and will be on a large scale.

ACCUSED OF STEALING HORSES FROM JAMES MOSS.

Stole Animals and Then Sold Them Again—Confesses Crime.

Fred Wisdom, the Baker City man, whose reputation in Union county is shady on account of several affairs in which he has figured in this county, is again in the toils of the law and is this time charged with horse stealing. He has practically admitted that he did just what he is charged with, and in a hearing before Justice of the Peace Arthur Williams this morning was bound over on a \$1500 bail which he has not furnished this afternoon.

The horses stolen and sold belonged to James Moss who lives near Allcel. About a month ago Moss among several others turned horses out to graze on the foothills near lower Cove and a short time ago Moss noticed that two mares, two colts and a filly had disappeared. In his hunt for the animals, Mr. Moss discovered one of the mares in the possession of John Birchfield who claimed that he had purchased it from Forest Ryder who also works at the Jensen mill back in the mountains. Ryder in turn bought the animal from Fred Wisdom and there commences the alleged theft.

Wisdom doesn't seem to make much fuss about it. All the missing horses but one have been found and returned to Mr. Moss but has been informed where the last horse is. Wisdom admits that he sold the horse in question to Andrew Tucker who also works and lives in the vicinity of the mill.

The arrest was made yesterday afternoon by Constable Faulk.

Wisdom is the man who was liberated from the Elgin jail some time ago presumably by confederates. He was arrested at that time in connection with horse stealing. While his people live in Baker City, he appears to make his headquarters in Union county and has been seen at various times throughout the valley the past months.

Constable Faulk underwent a strenuous trip last night when he went to a point six miles beyond Indian Creek to arrest Wisdom. He walked six miles down a steep mountain to where Wisdom was camped and came back over the same trail both times in the dead of night. Wisdom kept him company on the return trip however and it was not so lonesome.

Big Bank Merger.

Halifax, N. S., Sept. 7.—Shareholders of the Union Bank of Halifax met in special session today to consider the sale of the institution and all its assets to the Royal Bank of Canada. The Union Bank has a paid-up capital and reserve of \$2,750,000 and deposits of about \$10,000,000.

It is understood that, under the terms of purchase by the Royal Bank of Canada the latter will issue 12,000 shares of a par value of \$1,200,000. At the market price of about \$250 the shares will be worth about \$3,000,000.

Open "Show-Me" Congress.

Moberly, Mo., Sept. 7.—A homecoming reunion and "Show-me Congress" was opened here today and has attracted many former Missourians now residing in other states, as well as people from all over this section. The congress will continue three days the program including addresses by Gov. Hadley, Congressman Champ Clark, Gov. Shafroth of Colorado and Augustus Thomas, the playwright.

Colorado Democrats Split.

Denver, Colo., Sept. 7.—With promises of a spirited fight for control between the Speer-Hughes and Patterson-Thomas factions, the Colorado state democratic convention was opened in Denver today. Former United States Senator Patterson, owner of the Denver News, and former Gov. Thomas are heading an independent movement in an attempt to overthrow the present party leaders.

Failure of the party to carry out its platform pledges is alleged by Patterson as the reason for his opposition to the "machine." He alleges that this failure is due to the power and influence of the organized democrats of the city and county of Den-

VOGEL TO VISIT M'CANN LEAVES CHICAGO LOCAL OFFICE

WITHCOMBE CANNOT ATTEND AND VOGEL CHOSEN.

Fruit Centers Meeting Expense Account for Chicago Exhibit.

Robert Withcombe cannot accept the call to attend the national apple show at Chicago wherein La Grande, Elgin and Union are to be represented by Will Vogel, president of the Union Commercial club will likely be sent in Withcombe's place. The exhibit which is sent to Spokane will be forwarded to Chicago where the apple growers of this county will purchase space on the exhibit floors. Literature is to accompany the exhibits to Chicago and the commercial clubs of the county can see a great benefit to be derived from consistent publicity at that time. For this reason the merchants and business men in general are going to help meet the expense of sending the shipment and maintaining a man in charge during the big show in the windy city.

Elgin and Union fruitmen have united on Vogel as the representative and just as soon as the fruitmen can be seen here, the La Grande delegation will not only endorse the appointment of Vogel but will raise a substantial subscription.

Fish and Game Conservation.

St. Paul, Minn., Sept. 7.—Many sportsmen are among the delegates to the National Conservation Congress. In session here this week, and they will devote much of their time to a consideration of ways and means for properly conserving the fish and game of the country.

Minnesota sportsmen are especially anxious to bring about the better protection of the moose, which are more numerous in this state than in any other. It is alleged that unless steps are immediately taken to prevent further slaughter, the moose will soon go the way of the buffalo.

Langford is Victor.

Boston, Sept. 7.—Following his victory over Joe Jeannette last night Sam Langford today announced his intention to challenge Jack Johnson for the heavyweight title. The National Sporting club of London has already offered a substantial purse for a match with Langford.

Connecticut Democrats.

New Haven, Sept. 7.—Democrats of the Nutmeg state assembled in New Haven today to nominate candidates and adopt a platform. The convention will continue through tomorrow and will probably be marked by lively contests, since the democrats are more hopeful of success in the November election than they have been in many years. The republican party, in this state as in many others, is divided between regulars and progressives, and in this fact the democratic leader finds reason for the hope that is in them.

MISS ALLEN ARRIVES.

Last of High School Teaching Force Has Arrived in the City.

Miss Lucile Allen, one of the most popular teachers on the La Grande teaching force, arrived today from a vacation tour through the middle west. Miss Allen is the last of the present force of teachers in the high school to arrive here and report for duty.

Flour Advances.

All grades of flour advanced twenty cents per barrel this afternoon in the local markets.

Opposition Overcome.

Sacramento, Sept. 7.—That the opposition to the Panama Pacific Exposition in the interior of the state was overcome by a promise that one member of the proposed state exposition committee should be a country district representative became known today. Several legislators came here today from the interior to attend the special meeting of the legislature with the definite purpose of fighting the constitutional amendments providing for raising exposition funds by bonding the state and San Francisco.

WILL GO TO PORTLAND IMMEDIATELY TO LIVE.

Successor as Roadmaster is Harry Conley an Old Time Railroader.

Roadmaster C. McCann has resigned his position here and will move to Portland at once. His successor arrived today and brings back to La Grande an old-time railroader who has a large circle of acquaintances here. It is Harry Conley who several years ago was roadmaster out of Umatilla and more recently has been on the Great Northern. He and J. H. Watson worked together at Umatilla several years ago and practically the entire railroad "row" knows Harry. McCann has had the office here for about two years, succeeding G. W. Nelson who went to Portland to work on the North Bank.

Portland Official Here.

City Freight Agent Morris, located at Portland, and who has grown gray haired in the service of the O. R. & N., passed through here this morning on his way to Joseph on company business.

Assistant Superintendent Lonergan and a civil engineer for the O. R. & N., passed through the city this morning on their way east to Huntington.

Roosevelt in Milwaukee.

Milwaukee, Wis., Sept. 7.—Milwaukee, the city of "undesirable citizens," was overtaken by the Outlook Special this morning and Col. Roosevelt will spend the day in a busy round of receptions, luncheons, sight-seeing and addresses. The former president comes to Milwaukee as the guest of the Press club, which is celebrating its silver jubilee.

Although many prominent Wisconsin men joined in the greeting to Col. Roosevelt there was no remarkable display of hospitality on the part of city officials. Milwaukee is a socialistic city, and the disciples of Mark haven't forgotten that they are "undesirable citizens" from the Rooseveltian point of view. Mayor Emil Seldel couldn't find the keys to the city, to present to the distinguished visitor, but there is a suspicion that he did not spend much time in the search. Other members of the city government declared that there were no such keys, and expressed the opinion that they had been made away with by their predecessors in municipal office.

BASEBALL IS A FUNNY BUSINESS, SAYS CLARKE.

Manager Clarke of Pittsburg is the author of this gem:

"More I see of this baseball business the funnier it seems. One day a man feels like trading the entire crew for a bunch of minors. Next day you cannot see a spot where you can improve."

Kentucky's Long Race Meeting.

Lyman H. Davis, secretary and handicapper of the new Louisville Jockey club, has mailed an application to the Kentucky racing commission for fall racing meet, beginning Oct. 1 and continuing for nineteen days. It is generally believed that the Kentucky association of Lexington will be granted ten days, beginning Sept. 10, and the Latonia meeting may get twenty-four days, commencing Oct. 24. This will give fifty-three days of racing in Kentucky this fall.

Walker Great Fielding Pitcher.

Dixie Walker of Washington is earning the reputation of being one of the best fielding pitchers in the American league.

Better Use For It.

"Give him rope enough and he will hang himself."
"I fear you do not know him."
"Yea, I do."
"If you knew him thoroughly you would say, 'Give him rope enough and he will form a rope trust.'"

But He Can Lay a Brick.

An egg is such a little thing
For such a mighty cake.
And yet a man ten times as large
The job would hardly tackle.
