Have a Summer Without Headaches

Summer should be a recreation time, a time when life is really enjoyed and when vitality is stored for the more trying seasons.

The pleasure of many people is spoiled by headaches. Travel, outings or exposure to the sun is apt to bring on this affliction. Don't have headaches this summer. Keep a supply of our

Newlin's Instant Headache Cure

on hand. They stop coming headaches or cure headaches that have already arrived. A simple reliable remedy with a record of many years back of them. The remedy you should always have and depend upon.

HOCKETT STANDS FOR IMPORTANT LEGISLATION

ENTERPRISE CANDIDATE OFFERS BUSINESS REASONS FOR HIS ELECTION TO LOWER HOUSE.

DEFINES WORD, ECONOMY

Believes Fish Hatchery Should Be Moved to Wallowa Lake—Would Refuse to Vote for Appropriations Without Merit and Pledges Himself to Aid Union and Wallowa Counties.

Dr. Hockett of Enterprise, candidate for joint representative in the city today and in speaking of his campaign to the Evening Observer said:

"There are several things that I deem important to this part of Oregon and if I am elected I shall do what I can to accomplish them. I have no desire to go through the country with a brass band seeking office, neither do I wish to make assertions that are out of reason as to what I will do if elected. But there are local matters in which our people are interested. Take for instance the Wallowa state fish hatchery. Everyone in our county knows that the dam there keeps fish from going up stream and it has long been a question that received earnest discussion, yet the state legislature did not take action, or was ever the board pressed hard on the matter. At one time a delegation of citizens of Wallowa county consulted Harry McAllister, who was then fish warden, and prayed for its removal, but without avail. I purpose recommending the removal of the hatchery to the lake at Joseph and seeing that it is done for that is the logical place for it. There would then be no interference with the fish in the streams.

"Now, speaking of economy," continued the doctor, "What is economy in public office? Does it mean for a representative to go to Salem and vote for an appropriation for three normal schools amounting to \$318,000 when it is a matter of common knowledge that those normals fattered a strong political machine which forced every bit of legitimate legislation to first bend the knee to the normals before it could be enacted into law? I am decidedly favorable to one good normal school for this state and the appropriation of reasonable amount of funds to maintain it, but I am not nor I never will be an advocate of letting normal schools scatter over the state in order to build a political machine as was done prior to the act of the last legislature which killed them.

It would be well for every taxpayer to see how his senator or representative voted on that \$318,000 appropriation for the normals last time and also to see whether he voted to let

the normals stand as they were, or with majority which decided they were a menace to proper legislation in the state. All of these things are important to eastern Oregon.

"As to statement No. One, I frankly state to all voters that there is no senator to elect at the present time and therefore statement No. One is not an issue this year. I favor the direct primary law and pledge myself to fight for it whenever it is assailed in any way whatsoever. Furthermore my candidacy is based upon the good I can do my constituents in a business and straightforward manner. Here in Union county the experimental farm needs money. It is one of the excellent institutions of the state and I am for being liberal with it because the farmers get the direct benefit from the experiments made on the farm. It will also be my aim to fight for the branch insane asylum for Union if the bill carries at the election, and to be vigilant for anything else I can obtain for these two counties in an honorable manner, from the state legislature."
