

CARS RUN OFF A HIGH LINE

TWO REFRIGERATOR CARS BADLY SMASHED UP.

String on Elevated Too Long for the Track and Smashup Occurs.

Two refrigerator cars were bumped off the high line track yesterday evening and seriously "injured." While the damage to the body of the two cars was not so extensive, the trucks and fittings were twisted and torn from their places with serious consequences. The wrecking crew was at work most of the morning putting things right again.

The fall was more than twenty feet. The two refrigerator cars were the last two of a string of empties which had been run up on the high line to be out of the way of the switching crews and when another string of cars was run up the incline it bumped the two foremost off the end, the first time such a thing has happened since the elevated was constructed, with a crash that notified the crew of their mistake, the cars struck the ground and bottom of the coal bins. Fortunately there was no freight in the cars.

INCOMPLETE AND DO NOT COVER ENTIRE GROUND.

Cochran left out With Several Others From List of Candidates.

A "pamphlet" containing a copy of all measures referred to the people by the legislative assembly, referendum ordered by petition of the people and proposed by initiative petition, all to be submitted to the legal voters of the state for Oregon for their approval or rejection at the regular general election to be held on the eighth day of November, 1910, together with arguments filed favoring and opposing certain of said measures, has reached La Grande and within a short time every local voter will be supplied with a copy. In addition to this pamphlet, the state printer has also sent out a pamphlet containing cuts and statements of Republican Candidates who have filed their petitions for nomination with the secretary of state not later than the forty-first day before September 24th the date of the primary nomination election, to be submitted to the republican voters of the state at the primary nominating election to be held on the 24th of this month. The cuts are accompanied with the arguments filed favoring or opposing certain of the candidates in the counties of Baker, Crook, Gilliam, Grant, Harney, Malheur, Morrow, Sherman, Umatilla, Union, Wallowa and Wheeler. They are compiled by Frank W. Benson, secretary of state.

Neither the first-named pamphlet or the latter named, have a complete list and it is impossible for the voter to gain any information about all the measures involved in the general election or to study the arguments for and against all the candidates in Eastern Oregon. The names of the men appearing in the latter pamphlet does not include George T. Cochran, candidate for water commissioner, and there are several others missing. The list follows:

C. P. Ferrin, shoeman at the Golden Rule store, comes in for praise and mention in "The Evidence", a periodical published in St. Louis with the purpose of helping the "Star Brand" merchants throughout the country.

Among other things the Evidence says:

"The man with the show is Mr. C. P. Ferrin, shoe salesman for the Golden Rule Co. of La Grande, Ore. The Golden Rule company operates a large shoe department and is making a lot of money selling 'Stars.' Mr. Ferrin knows all the fine points about shoe salesmanship and why the 'Star Brand' shoes are better and for that reason has done a great deal toward helping his shoe department."

SEPTIC TANK AT WRONG POINT

SLIGHT DELAY CAUSED BY A MIS-UNDERSTANDING.

Road Thought to be City's is Really a County Roadway.

A slight delay in excavating for the septic tank to be used as a refuse consumer for the sewer system, has been occasioned through a misunderstanding as to the real relationship of a piece of roadway passing the city property where the disposal plant is to be located. It was thought by Engineer Darley that the road which was

cut by the excavations for the tank was dedicated to the city, but since about 50 feet of the excavation has been done it was found that the road was in reality a county road, and the tank will have to be shifted about fifty feet to one side.
