

# SEASON'S OPENING

## FALL

This season will go down in the annals of fashion as one distinguished by rarely beautiful style. Fabrics are rich in coloring and exquisite in weave. Garments are graceful and becoming to an unusual degree.

### THIS STORE INVITES YOU TO AN EXHIBITION OF AUTUMN APPARELS

The labors of many months are represented in the beautiful goods now on display while summer holds undisputed sway, looms have been running in distant work shops preparing for your fall needs, designers racking their brains in anticipation of your autumn demands for garments more attractive than ever before, and the results are worthy of so much effort and ingenuity.

*In beauty and fineness this seasons garments surpass all previous efforts.*

In selecting these garments for the fall and winter wear we have tried to see them with eyes of one who would be making a selection for themselves, and can say in every instance we have omitted anything of a freaky nature, trying at all times to make staple selections.

Suits have stylish medium length jackets, and the shirts are inclined to be a little scanty,—not too much. Coats for Auto as well as street wear are long and handsome, many made in mannish effect. Silk costumes and waists are perfect pictures of beauty.

This season as in the past, our popular price suit at

## \$22.50

will be a very strong number. At this price we are able to sell suits in all the staple materials.

### BEAUTIFUL SILK GOWNS

This is a most popular garment. Fit for any occasion and moderate in price, in staple colors, brown, blue, black, etc.

### SILK WAISTS

Practical because they may be worn with any skirt, and appearance will be neat and dressy. More popular this season than ever before. We are showing a larger range of styles and patterns.

### MILLINERY

The styles this season are quite varied. Turbans are worn, as are the large shapes. May wear any size you prefer and still be in style this season. Our line is much larger than ever before, and we are in a position to serve you with anything you wish in the hat line.
