

ONLY BALED HAY DEADLOCK EXISTS ALLOWED IN COUNCIL

FAIR WILL PAY DIFFERENCE BETWEEN IT AND LOOSE HAY.

NO COUNCILMAN COULD BE ELECTED LAST NIGHT.

Hay Will be Delivered on Grounds Daily for the Stockmen.

Fourth Street Paving Plans Modified—Other Business Transacted.

To avoid having loose hay in the stock sheds at the county fair the committee has decided to pay the difference between loose hay and baled hay, and insist on stock exhibitors using only baled hay for feeding stock during the progress of the fair. The committee does this for the convenience of everyone and to meet a demand for hay room. A load of baled hay will be hauled to the sheds at the required times daily and stockmen can buy direct from the load just what they want, paying the price of loose hay but receiving baled hay. This additional expense will be met by the committee gladly.

La Grande's council is still minus one councilman, from the third ward, for the deadlock which was created two weeks ago, is still in full force and effect for two ballots taken last evening show that the council is hopelessly divided on the matter of a successor to the late George Kreiger. Victor R. L. Lincoln's petition is the most liberally signed, while E. W. Grandy also had a good list of names on his petition, yet the council broke even on these two, voting three for each at both ballots and casting one vote for ex-Mayor M. K. Hall on each ballot. Mayor Myers called a halt as soon as it was evident that there was no swinging one way or the other, and other business for the evening was resumed.

A full attendance was noted. Fourth Street Plans Modified.

For the benefit of the citizens present, the order of business was changed to let the citizens have their say, first, George Stoddard, representing three fourths, and Turner Oliver, representing the other fourth of the property owners on Fourth street between O street and N avenue, appeared before the council with a request for the modification of the present paving plans on Fourth street. They are not adverse to paving but desire that the entire hill be paved when the proper time comes, and not a part of it as at first planned. The original plans called for paving on the hill to the old L. D. S. tabernacle, but the petitioners prefered to have it come to the new tabernacle street, or O avenue as it is called. When the city can pave the entire hill to M avenue then these men will acquiesce with the city. They claimed the hill is drier than any other part of Fourth street. Mr. Oliver is anxious to see the hill paved to the top for the benefit of the school children, but until that was done, he recommended the street be graded and rounded. The prayer of the citizens was granted by the council and the call for bids will include one block less than originally planned for.

H. A. Stoner wanted the council to find out where he lived. The laughable situation arose when Mr. Stoner was assessed for paving on Depot street and on Fourth street as well. Mr. Stoner always believed his property faced on Fourth but he was assessed for Depot and thus would have to pay about \$1000 for paving a thirty-foot front. He said he would be perfectly

ALL MY PIMPLES GONE.

Girl Tells How a Blotchy Skin Was Cleansed by a Simple Wash.

"I was ashamed of my face," writes Miss Minnie Pickard of Altamahaw, N. C. "It was all full of pimples and scars but after using D. D. O. Prescription I can say that now there is no sign of that Eczema, and that was three years ago."

D. D. O. has become so famous as a cure and instant relief in Eczema and all other serious skin diseases, that its value is sometimes overlooked in clearing up rash, pimples, blackheads, and all other minor forms of skin impurities.

The fact is, that while D. D. O. is so enervating that it strikes to the very root of Eczema or any other serious trouble, the soothing Oil of Wintergreen, Thymol and other ingredients are so carefully compounded there is no wash for the skin made that can compare with this great household remedy for every kind of skin trouble.

D. D. O. is pleasant to use, perfectly harmless to the most delicate skin and absolutely reliable. A 25 cent bottle will give you positive proof of the wonderful effectiveness of this great remedy. Newlin Drug Co.

Many complaints of poor conditions of sidewalks in certain parts of the city have reached the executive and the matter was discussed with the result that the street committee is to ascertain all the districts that are in need of repairs and something will be done, to improve matters.

The council, on suggestion of Councilman Church, took up the matter of providing office facilities for the city attorney, and by the next meeting something will have been done in this matter. In addition a tool room is to

be provided for street superintendent Matot.

The matter of the garbage dump came up for more consideration and though Councilman Logsdon made it plain that he would not receive any remuneration from the council for his work, he agreed to "look after" the rip rap construction now going on at the dumping ground.
