Suitable.
"You look very thoughtful today."
"Do I really?"
"Yes. I wonder"—
"Wonder what?"
"Why you look so thoughtful."
"It is considered rather becoming."

Toast's Thanks.
Signor Francesco Tosti, the famous song writer, is very impulsive and quick to resent the slightest assumption of patronage. One day a lady called on him and announced her intention of singing two of his songs at a concert.
"I thought I would just run round and try them over with you," she said. Tosti remarked that he was not in the habit of giving lessons in that manner, whereupon the lady retorted:
"Very well; I will not sing your songs then."
Tosti's face beamed as he advanced toward her with outstretched hands. "Madam," he said, "I thank you very much for that favor."

The "Herd Laddie."
Some discussion is taking place over the birthplace of Wylie, the famous "Herd Laddie," probably the greatest checker player that the world has known. According to one authority, the late Mr. J. Hedley, who wrote a biographical sketch of Mr. Wylie's career in 1869, he was born in Piershill Barracks, Edinburgh, or "Jock's Lodge," as it was known locally, in the year 1822. His father was a sergeant in the celebrated Scottish regiment of horse, "the Scots Greys," and this regiment was stationed in the above barracks shortly after their memorable engagement at Waterloo, and remained there for a number of years. —London Graphic.

USEFULNESS.
It is a great satisfaction at the close of life to feel that you have lived not for yourself alone, but that you have been useful to others. You may be assured also that the same feeling is a source of comfort and happiness at any period of life. Nothing in this world is so good as usefulness. It tends to the improvement of your own character.

Vessels That Failed.

There was a time when it was believed possible to prevent seasickness by means of specially constructed vessels, says the London Chronicle. The Calais-Douvres, a twin ship, was used on the channel service for many years. Great things were expected from this but she proved a slow boat, and her passengers were by no means immune from seasickness. Another attempt in this direction was the Castalia, in which the saloon was suspended like a hammock with a view to minimizing the pitching and rolling. This turned out an utter failure. If the rolling was less than in ordinary vessels the pitching was quite as bad and, moreover, the swiveling mechanism occasionally struck. After a very few trips across the channel the Castalia was taken off the service.

Easy Figuring.
Ascum—I suppose you haven't had time to figure out yet how much your cashier took?
Bank President—Oh, yes. We knew in a very short time.
Ascum—Why, I thought he took a great deal.
Bank President—Exactly. We merely had to count what he left.

Why He Resigned.
"So you resigned?"
"Yes, I couldn't stand the way the firm treated me."
"What did they do?"
"Took my name off the pay roll." —Exchange.

Beginning.
Be always beginning. Never think that you can relax or that you have attained the end. If we think ourselves more than beginners it is a sign that we have hardly yet begun.
Man thinks and at once becomes the master of beings that do not think. —Buffon.
