

DOPE FIEND IN BAD WAY

HELD HERE UNTIL NERVES ARE QUIETED DOWN.

Girl Passenger - Last Night Taken from Train in Pithful State.

Vivid fruits of the "dope" habit were seen at the depot last evening when No. 5 reached here carrying a girl of about seventeen summers from Baker City to Pendleton, who had reached a stage of delirium from want of drugs that converted her into a maniac. She was taken from the train here with officers and physicians were summoned to take charge of the demented girl, she went through all the spasms of a violently insane person.

She was finally taken to the city jail and with a night's rest was much improved this morning, so much so in fact that she could be sent on to Pendleton this morning.

PARADE WILL END ROUNDUP

ANNUAL EVENT TO BE BIGGER AND BETTER NEXT TIME.

Five Hundred to Participate in Parade at Pendleton this Afternoon.

Pendleton, Oct. 1.—With a big parade in which 500 cowboys, cow girls and Indians participated this afternoon, the roundup, the first wild west show given in the Northwest will come to a successful conclusion. Hereafter it will be an annual affair.

Thousands of visitors from the east and west attended and crowded the park where the races, bucking, roping and tying contests were given.

P. A. Foley returned last night, with others, from the Roundup and speaks in the highest terms of that city's first efforts in this line. He says that Buffalo Vernon deserved credit for the exhibition he gave. The roping exhibitions were not as good as expected but Pat has seen the best there is which made this part of the show tame to him. The bucking horse exhibition was good.

Hotels, restaurants and private families did all in their power to care for the crowds and Mr. Foley says one of the good features was that nobody seems to want to graft the guests.

There were several accidents which marred the pleasures of the show. One rider sustained a broken arm when his horse fell over backwards. Another man had his foot crushed. The lady rider in the relay race figured in a serious accident when her mount fell and broke its leg. The management was forced to kill the valuable animal.

UNCONSCIOUS HUMOR.

The Way It Sometimes Crops Out in Examination Papers.

"About the driest thing in the world is the reading of a lot of examination papers," said a young University of Pennsylvania English instructor recently, "but occasionally the monotony of an evening of such work is relieved by a bit of humor. Frequently students try to be funny, thinking, perhaps, that they will in this way get on the right side of the man who marks the papers, but such attempts are usually flat failures. It is the unconscious bits of humor that are the gems.

"A short time ago I gave as a subject for an essay to one of my freshman classes 'My Impressions of Pennsylvania.' One youth wrote his name at the top of his paper and then sat through the entire hour, gazing at the ceiling, apparently unable to get a start. Then at the end he handed in the blank piece of paper. As a piece of satire it would have been excellent, but I am sure he had no such intention. The blank paper merely represented his inability to get his impressions in writing and not the lack of impressions.

"A short time ago a history professor asked the question, 'What caused the French rebellion of 1830?' One of the replies was merely, 'Too much Bourbon.' If this answer had come from an ordinary student he would have given the writer credit for a witty answer, but it was written by a serious minded youth from the country, who, he was sure, was incapable of such an effort and probably did not even know there was a whisky by that name. Truly the unconscious are the gems."—Philadelphia Record.

Notaries Public.

Notaries public are said to have been first appointed by the leaders of primitive Christians for the purpose of collecting data for the lives of the first century martyrs. It was a long time before the office had to do with legal employments, such as attesting deeds, wills, etc., and establishing their authenticity in any other country. There was much irregularity in the law concerning notaries until the year 1801, when statutes were passed in England and other countries fixing their duties. —New York American.

Mirrors and Sunshines.

Many persons do not know that sunshine is destructive to mirrors and produces that milky appearance which cannot be got rid of. When a mirror is being washed the water should not be allowed to get close to the edges, for often it will leak under, giving a mottled effect and ruining the glass. Hand mirrors should be placed where the sun will not strike them, and the cleaning pastes that they are polished with should not be too moist.

MOTION VIEWS AT CHAPEL.

Plan of Young Rockefeller to Increase Church Attendance.

Some people just can't make up their minds to attend church regularly. They admire those who do, realize that they are much the better for a good sermon, but they oversleep, make some important engagement or wish to spend the time otherwise. It is to bring these people to church that many novel plans are being adopted.

Among them are whistling solos, music by phonograph, magic lantern views, and many congregations are treated to songs by famous singers.

And now comes something quite unique in that direction. John D. Rockefeller, Jr., is having the Armitage chapel, in New York city, altered so that moving pictures may be shown. The alterations will consist of enlarging the platform, installing a fireproof screen and building an operator's booth. We are all pretty keen to see moving pictures these days, and much is expected of the plan.

PEOPLES FORUM.

Where's the Responsibility?

We, the people are still at the business. The advocates of high license maintain it to be so. The prohibitionists say we are guilty of the very act. There is no voice to the contrary. When a man becomes successful in a peculiar line of work, that business becomes the expression of the owner. The liquor business reveals the true character of the parties engaged in it. It has grown so large in influence and proportion that people are the real owners. It expresses the character of the citizens; the surface-sign of the nature of its owner. The tap root of the booze traffic is found in the people who compose the commonwealth. It grows and flourishes because it has for its protection the influence of the majority. There are many who do not own it. Nevertheless the whole can be recognized by its institutions. It becomes easy for us to shift the responsibility upon a portion of the commonwealth. If the liquor business presents a condition that we do not desire, what effort are we exerting to create a different condition? The responsibility rests upon all. We declared by our votes two years ago that the liquor business must cease. Public sentiment raised to the crest and voted the county "dry." After the election was over and the wave of temperance sentiment had subsided reports were circulated that the saloons were doing business at "the same old stand." We, "the good people" said nothing and did less. Did the ballot box's story represent us or our silent attitude? Our vote and action does not harmonize. Did the

THE FAIR—THE FAIR

IF PLEASED TELL OTHERS, IF NOT TELL US

SOCIETY

About six thousand years of life, or more than five times the age of Methuselah were represented by actual count at the Birthday "doins" in the Methodist church last night. Decorated with rugs, draperies, flowers, sweet girls, beautiful women, graceful old men and no disgraceful young gentlemen, a feast of music recreation and jollity was provided. After all came a delicate "soul-filling" lunch provided by the choice connoisseur cooks of the church—it helped to swell the contentment of the evening. Such social events are very helpful in creating and preserving the fine inter-social qualities of that rapidly growing church. Miss Lucile Allen received the habitual encore after the captivating reading and Miss Christine Wheatley showed real talent in the same line. Prof. O. M. Heacock, the master of musical instruments, rendered a baritone solo delightfully, and Miss Oma Richardson sang a solo. A quartet—Mrs. Cleaver, Miss Richardson, Miss Newton and Miss Dawson sang sweetly.

Neither "Sammy" Deal, Grandpa Grandy nor Uncle Joe Palmer made a speech but each contributed a penny for each year of his age.

Mr. and Mrs. William Holden of Perry entertained last Wednesday at dinner to a limited number of friends at their home in Perry. The home was decorated with asters, and games and music provided the evening's entertainment. The guests were: Mr. and Mrs. Leon Stoddard, Mr. and Mrs. Tryner, Mr. and Mrs. Norman Stoddard, Mr. and Mrs. Wm. Gray and Mr. and Mrs. A. T. Hill of La Grande.

Doctor and Mrs. A. L. Richardson last Thursday evening formally entertained ten friends at dinner. The dinner was an elaborate one, consisting of eight courses.

people vote for something they did not want? Our silence rather bespeaks our true expression. The officers of the law are cursed and bemeaned because the law is violated and the violators are not brought to justice. If perchance someone acts the part of a "detective" and the accused parties are brought before the courts, we throw up our hands in holy horror. If we are asked to defend the law made by our own hand, we decline in disgust because the "dear parson" took a high hand in the matter. The men

Justice of the Peace A. C. Williams officiating. The parlor and dining rooms were decorated in green and gold, the leafy asparagus, with nasturtiums and columbine being used with good taste. After the ceremony a dainty lunch was served and the evening spent with friendly visiting with the Baker family. Mr. Beecher is an old-time friend of the Baker family and he owns a thrifty ranch in Wallowa county but intends to spend the winter in La Grande.

Miss Etta Foley entertained the La Jaunesse club last Monday night.

A reception was given at the Baptist church Monday evening in honor of Reverend and Mrs. Frank E. Gray whose labors as pastor and helpers closed at that time. There was a large attendance of members and friends. The evening was spent in social chat, songs and the like. The Rev. Gray and wife were presented with a beautiful silver berry set as a token of love and esteem from the members. C. D. Huffman made the presentation with a few well chosen remarks wherein he reviewed the work of the past year in which was shown an increase in membership of forty, the church generally revived and a debt of \$1700 reduced to about \$500. On behalf of the young people of the church the pastor and wife were presented with a beautiful painting by Miss Naoma Kirtley. Justice Gray was presented with a very beautiful stick pin as a token of the kind remembrance from his Sunday school class. This was presented by Miss Kirtley. Rev. Gray and wife left for the east today to take up a more extended work in a larger field. Justice Gray goes to his old home in Nebraska. They all take with them the kind feeling and good fellowship of the church as was instanced by a unanimous vote for letters of dismissal on Sunday and the reception Monday night.
