

SECOND TEAM TAKES VICTORY BY A SCORE OF 12 TO 10.

Locals Gain Only on Forward Pass-Elgin Line Especially Active.

Superb use of the forward pass. handled from Reynolds to Peare, coupled with a fumble or two, gave La Grande the game Saturday when La Grande's second team and Elgin's first team fought it out on the Lincoln grounds. The final score was 12 to 10, the Elgin scores being the total of two touchdowns from fumbles. Elgin scored in the first period when a fumbled forward pass was picked up and carried some 30 yards. Elgin failed to kick goal. The same thing was repeated soon after and in this way the game stood until La Grande forced Elgin back when she was attempting to carry out a ball from behind her own goal. Soon after that, La Grande fell on the ball during a fumhis bahind Bloin's tin

La Grande did not gain through Elgin's line at all, and in fact Elgin did little gaining except on flukes.

La Grande had a forward pass, from the quarter back to Peare on end that Elgin could not possibly break up and time after time these two pullof the game they negotiated a simi- Alfonso, who is so much in the lime lar pass but the ball rolled or rather flew across the line preventing a touchdown which resulted when Peare recovered from counting in the totals. Aside from these two men, Crawley at end, Huff in the line, Rush and Ralston at halves did especially good work for La Grande.

Work for La Grande.

While the game was slow at the beginning it warmed up appreciably and clearly demonstrated that It is the new kind of football that will spell gains with light teams hereafter. Elgin's line was strong and therein lay her chief asset, for the linemen tore through and stopped the halves almost at will.

GEORGE JACOBS IN SOUTH LA GRANDE HOLDS DISTINCTION.

THE OLDEST DELIVERY BO

Though So Aged, is Prompt in His Delivery and Genial Always.

It is doubtful if any town in Oregon has an older clerk and delivery "boy" than La Grande has, Next Wednesday George Jacobs will celebrate the anniversary of his seventy-fifth birthday, yet he is and has been the delivery boy for Mr. Atkinson's store in South La Grande. He clerks about the place when there are no deliveries to be made and when packages have to be hurried out for some waiting housewife this boy of a three the order in fine shape. He is as prompt or prompter than many a nance has come to be sofamiliar in made known. A Portland paper says. "Old Town" that the "boy" is rapidly gaining distinction.

it is a safe assertion to say that he is the oldest personage in the delivery business in the state or no doubt the entire northwest.

SNAPSHOTTING ROYALTY.

Alfonso Dossn't Mind It, but Look Out For the Kaiser.

Ever meet a real live king face to face on the street? If not, here is an opportunity to see just how one looks when out for a stroll. It is said to be light just now owing to the Spain-Vatican quarrel. His majesty, by the way, is a good friend of the snapshotter and will give one every opportunity to secure a first class picture. When the photograph shown here was lous to know if everything had gone all right.

Emperor William, on the other hand, is a terror to snapshotters, and woe betide the chap caught pointing a cam era in his direction! Recently he had

Mr. Hester, however, is inclined to look with considerable leniency on the violation of the law of which any of them may be guilty, he says that no one outside the census bureau could realize what it meant to the enumerating staff, to have thrust upon it during the last two or three days a mas of 30,000 or more names.

While some of the names enumerated by careless census takers will likely be disproved, there are also indications that the same enumerators missed others who should nave been counted. As a result the population of the city should be recorded as larger rather than smaller.

CLOSE ENTRIES EARLY.

Januager Explains Details of Spokane Apple Show Rules.

Spokane, Wash., Oct. 10-Special-Official announcement was made today by Ren. H. Rice, secretary and manager of the National Apple show. light entries in carload contests for prizes aggregating \$3.800 including the championship sweepstake of \$1,000 will close in Spokane at 12 o'clock noon on November 6. Entries in other contests for \$16,200 in premiums will be accepted up to 6 o'clock the afternoon of November 9. Professor H. F. Van Deman and his assistants will begin judging the morning of November 14, with a view to completing their work on November 18.

"The rule requiring that each exbibit, except district displays, must be of fruit grown on one orchard only is not open to broad construction." Mr. Rice added. "It means just what it says. The reason for inisiting that an exhibit shall be taken from one orchard is to make the competitions fair. It is apparent that if a grower with a small tract were compelled to city's population will be necessary compete with an association or company, which would pick up boxes here and there, he would be counted out before the scoring began.

"Each carload exhibit must be accompanied by a sworn statement that the apples entered were grown orchard. In all other classes the exhi bltor pledges his word of honor to the same effect when he signs the entry

"There are no restrictions as to the number of orchards from which the fruit gathered for the district displays. However, these contests, one fo fruit grown on irrigated land and the other on non-irrigated land, can-

SANITARY BARNS.

New Course at Oregon Agricultural College Will Teach Boys Right.

Corvallia, Ore., Oct. 10-How to plan and build dairy barns that are both sanitary and convenient will be taught this year at the Oregon Agricultural college in a course in farm structures just introduced.

The students will learn how to design their own houses, barns, granary's, silos and other farm buildings; where to place them; how they should be constructed; and the cost of both materials and construction. An unusual feature of the instruction will be that which will aid students to draw plans in class for buildings solving special problems of their own home farms, such as barns on hills'des or on low ground.

The various uses of concrete on the farm, with practical laboratory work in the making of concrete floors, walks and fence posts will also form a part of the students' instruction.

Problems in fencing, including the relative merit and cost of various sorts of materials, and different designs will be an interesting part of WOODMEN OF THE WORLD-La the course, which will include as well a comparison of the efficiency of good and bad roads, and the methods of construction and maintenance of good roads in rural districts.
