FINE EXHIBIT AT SUMPTER

Eastern Oregon to be Represented by the Finest Ores.

Sumpter, Ore., Oct. 13.—(Special)—Sumpter is getting together a splendid mineral exhibit from all Eastern Oregon districts for the Mining Congress that meets here October 20 and 21. A feature of the exhibit different from the usual exhibit of this character will be that special effort will be made to make it typical of the commercial ores of this part of the state. The high grade specimen, sparkling with gold like a jeweler's show case, will, of course be shown. Such pieces are found in this country; as rich as that of any mining camp, but the real mining man knows that this is not the kind of ore that makes the profitable mines. What they want to see is large pieces of the grade sometimes termed commercial ore. This is what the visitor at Sumpter will see during the Mining Congress in such quantities and large pieces as to astonish and convince them of the real mineral wealth of Eastern Oregon.

The manner in which Prairie City is taking hold of the Mining Congress shows it to be a live town full of live wires. The building of the railroad to Prairie City has awakened the town to as full a degree of vigorous life as the town was a dead one before the coming of the railroad. There is vast mineral wealth in the mountains near Prairie City awaiting development, and the town is determined to show the world what they have.

The attendance at the congress promises to be quite general throughout the Northwest. From Portland and several towns of the Willamette valley notices have been received that delegates have been appointed to be in attendance. Such notices are received from other parts of the state. Col. Hofer, of Salem, president of the Oregon-Idaho Development congress, will attend and address the congress.

The O. R. & N. and Sumpter Valley railroads have established excursion rates from all points on their lines for those desiring to attend the congress. On the O. R. & N. the rate is on what is known as the certificate plan. The purchaser of a ticket pays full fare to Baker City, taking a receipt for his money. This receipt when signed by the secretary of the congress entitles him to his return ticket at one-third fare.

OLD SAFE FOUND IN RIVER.

Identified as One Which Rigged in a Noted Bet.

A relic of the early days of Baker City was found today when the Star Engineering & Construction company dug up an old safe in the bed of the river at Auburn avenue where they are excavating for a dam, says the Baker City Herald. The news of the find spread over town and several of the old timers gathered to view the curiosity.

After considerable inspection the safe was finally identified by W. S. Levens as one which belonged to his father and which disappeared about 20 years ago.

There is an interesting story in connection with the disappearance of the safe, for it was not known until today where it went to. In the early days of Baker when this was a lively mining town and everything was being run wide open B. W. Levens and a friend were engaged in a little game of cards. The game was progressing nicely and small wagers were being made on the various hands held when each man secured a hand that he thought could not be beat. The men bet all they money they had but so confident were they in the hands they held that they decided to lock the hands up in the safe and increase the wagers.

Accordingly the hands were labeled with the names of the owners and

placed in the safe which was found today. The wagers on the hands were increased for a period of ten years, and finally the two betters decided to open the safe and see who should take the money, for the wagers had grown to a good size.

A committee was selected and on the day appointed quite a crowd gathered to witness the deciding of the bet. The safe was opened, the money laid out and then the cards were brought to light. The crowd waited anxiously to see what the result would be, and they were surprised to learn that each hand consisted of four aces and a king.

The judges placed the cards back in the safe and then took the receptacle and threw it into the river. Nobody ever knew what became of the safe, but when it was opened today the cards were still there, a silent reminder of the bygone days.

LET not your left hand know what your right hand doeth. Some member of the family needs must be innocent and respectable.

Foretold.

"She is saying a lot of mean things about you."

"Who is?"

"Julia."

"She can't say very much."

"Why?"

"Because she has a little bit of originality and won't imitate, and I have already said about all the mean things about her that there are in the English language."

Seeing Ineffective.

"What is the matter with you?"

"I'm all run down."

"Have you seen a doctor?"

"Yes. I saw two of them, and it didn't do me a bit of good."

"What did they say?"

"They didn't say anything. We had not been introduced. I saw them as they went past."

The Real Thing.

Their Use.

"What cute little envelopes!"

"Yes, aren't they nice?"

"I should say so. They are made of heavy satin paper too."

"The very best."

"What are they designed for?"

"To pack your bathing suit in when you go to the seashore."

The Beauty Doctor.

"She is a perfect picture."

"Do you think so?"

"Yes. Don't you?"

"Well, anyway she ought to be."

"Why ought she to be?"

"She pays a heap of money to an artist to make her so."

Drunkenness Curable.

Drunkenness is no longer considered a crime; eminent scientists and physicians have agreed that it is a disease and must be treated as such.

The home treatment that has been used for a number of years, and is highly successful, is Orrine. It is sold under a positive guarantee that if it does not effect a cure your money will be refunded. When desiring to give secretly purchase Orrine No. 1 and if the patient will take treatment, Orrine No. 2 should be given. Orrine costs but \$1 per box. Mailed on receipt of price. Write for free booklet on "Drunkenness." The Orrine Co., 574 Orrine Building, Washington, D. C. Sold in this city by Silverthorn's Family Drug store.

Dysentery is a dangerous disease but can be cured. Chamberlain's Colic, Cholera and Diarrhoea Remedy has been successfully used in nine epidemics of dysentery. It has never been known to fail. It is equally valuable for children and adults, and when reduced with water and sweetened, it is pleasant to take.
