STREETSWEEPER IS NEEDED

COUNCIL TAKES FIRST STEP IN PURCHASING MACHINERY.

A. S. Geddes' Name Proposed by Two as Councilman of Third Ward.

Paving the way for buying the much-needed street sweepers, introduction of a resolution calling for bitulithic paving on T avenue and bringing the name of A. S. Geddes up for councilman from the third ward in the race and the deadlock now existing were some of the features of last night's council meeting.

Report of the finance committee embracing the monthly budget of expense accounts, was adopted and warrants ordered drawn.

Several Communications Heard.

A rather peculiar incident cropped out when a petition signed by about a score of property owners on West Adams avenue came in for reading, remonstrating against the changing of macadam to bitulithic on West Adams avenue, from Third street to the hospital. The facts of the case are that the macadam work is already under way and that the remonstrance was premature. It was filed without further comment.

Street Superintendent Matott petitioned the council to buy a street sweeper, flushers and other necessities. The matter was referred to the street committee and it is presumed that the committee will order the purchase of this machinery as it is badly needed right now. Street sweepers vary in price from \$400 down to \$250 and the flushers from \$1200 down to about \$900.

F. D. Halsten sent a written communication which asked the council to attend to a short piece of sidewalk which had remained unfinished on Sixth street between O and N avenues and also a connection with the cement walk and the crossing at the intersection of Sixth and N. Children, the petition said, were forced to wade through mud, soiling their clothes, and in other various ways inconveniencing the public. This was referred to the proper committee.

Arthur C. Williams, representing the school board, asked the city to continue its water main from Second along L to Third and place two fire hydrants where they could be used on the school building.

City Attorney Baker, appearing for Ludiker and others brought the matter of dumping old hops on the Roesch property near the Ludiker home in West La Grande. It was the opinion of West La Grande. It was the opinion of ed would have to declare it a nuisance and prosecute accordingly.

The Recorder was instructed to advertise for bids for the construction of 900 feet of sidewalk on North Ash.

Warrants being held up after they had been drawn for Engineer Darley, Contractor Slater and Engineer Jones for special service in connection with the sewer system's inspection, brought out the necessity of placing a bond issue of about 10,000 on the next city ballot. The \$40,000 bond issue was not sufficient to meet the expense of building the cross-street sewers and for the other miscellaneous expense. The general fund has been burdened with this expense and it should be reimbursed. The warrants in question were drawn on the general fund, finally, and when the necessary bond issue is passed the money will be paid back.

The finance committee was instructed to secure the proper forms for the Sewer bond issue.

The mayor and recorder's action in purchasing improvement bonds was validated by the council and an ordinance ordered introduced. This is a chance for the city to earn some interest money as the bonds are purchased by the sinking fund coin, to be used in ten years to retire the Beaver Creek bond issue. The scheme is a good one and will net the city a little "pin money."

The Grande Ronde Hospital corporation has entered into a contract with John L. Mars for the construction of macadam pavement in front of its property. The city engineer will establish the grade but in no other way is the city responsible. It will add materially to the appearance of the street.

Construction of a board sidewalk on Greenwood from Jefferson to Monroe

was ordered.
A call will be issued for bids for the construction of the lateral sewers from Greenwood to the Chestnut street alley, and the work will be completed as soon as possible.

A. S. Geddes and Councilman Fleming each remonstrated against the proposed action of the Warren Construction company in leaving North Fir street when the paving has been under way and returning to the South end of Fir street. Mr. Fleming and other business men along the North end of the project have been completely isolated of late by paving preliminaries and they objected strenuously to the change of the plan. They wanted the work rushed to the end at once. It developed that the O. R. & N. company was the cause of the change of plans. The company will pay the ground between the rails, but some excavation is necessary, and the paving planned to complete South Fir while the company did their excavation work. However the council asked the company to clean up North Fir first.

Deadlock Continues.

The deadlock in the council continues and when two ballots were cast there was no majority in favor of any one. Doctor Lincoln received three votes, Geddes two and Grandy one.

Bitulithic pavement was proposed for T avenue by resolution and an opportunity will be given the people to remonstrate. The proposed pavement is to run from the West line of Fir to the East line of North Spruce on T avenue.

The existing contract with the O. R. & N. was entered into regarding the water supply and the city will furnish 300,000 gallons every 24 hours for \$300 per month.

Contract for cement walks on Jefferson between Fir and Greenwood, a walk on Washington in front of the G. M. Richie property were let to the C. T. Darley and Kelts & Wall respectively.

J. H. Wilson was given the contract for building and rip rapping on the river where the dumping grounds have been located.

Steps for publishing the list of assessments and entering liens against property owners on Adams avenue were commenced and an ordinance dealing with that subject was read first time entire and second time by title only. It will come up for passage next week. All the individual assessments will be entered and the property owners given about 60 days in which to pay the first annual installment.

Card of Thanks.

We wish to thank the many friends for the appreciative kindness and sympathy shown to us, during the bereavement of our husband and father's death, who died Oct. 12, 1910. Our friends shall ever hold a place of dear remembrance in our hearts. May God's blessing rest upon them.

Foley Kidney Pills Without an Equal.

E. Weakley, Kokomo, Ind., says in his estimation, Foley Kidney Pills are without an equal. He says: "I have had kidney and bladder trouble for over three years with severe headaches and irregularities of the bladder, accompanied by much pain. I secured a bottle of Foley's Kidney Pills and must say they certainly did the work. In just a few days my back-ache left me, kidneys became stronger and I am now over my trouble and glad to recommend Foley Kidney Pills to every one suffering in this way. They gave me quick and permanent relief and are in my estimation without an equal."
