Dysentery is a dangerous disease but can be cured. Chamberlain's Colic, Cholera and Diarrhoea Remedy has been successfully used in nine epidemics of dysentery. It has never been known to fail. It is equally valuable for children and adults, and when reduced with water and sweetened, it is pleasant to take.

Franklin Would Have Been Amazed

If his vision could have extended far enough into the haze of evolution to foresee the ultimate triumph of incandescent electric lighting—the GENERAL ELECTRIC MADZA LAMP.

The sage old philosopher flew his kite during a thunder storm, and by means of a key attracted and discovered electricity, but evolution decreed that modern inventive genius should discover an incandescent lamp that is revolutionizing artificial light.

THE GENERAL ELECTRIC MADZA LAMP gives nearly three times the light of the ordinary carbon incandescent—and costs no more to operate. In addition to this it gives light of a vastly superior quality—a clear white light like the sun's rays.

Everywhere people are having their houses wired for electric light, since the invention of the GENERAL ELECTRIC MADZA LAMP. It has made electricity as cheap as it is convenient.

Come in for a moment today and let us prove to your entire satisfaction that there is no longer a possible excuse for you to be without the greatest of all household conveniences—electric light.

A Notable Cure.

Justis Warner, LaFayette, Ind., was completely cured after two years of suffering. "My kidneys and bladder bothered me severely for two years making me suffer intensely. My kidneys were weak and sluggish while in my bladder there was constant misery. I was run down, tired very easily and appetite poor. Four bottles of Foley Kidney Pills cured me completely. My appetite is restored, I sleep restfully and feel stronger and healthier than ever before. I gladly recommend Foley Kidney Pills."—Hill's Drug store.

A Plea for Majority Rule.

E. E. Fisher, ex-mayor of Beaverton; T. E. Hills, ex-state commander G. A. R.; Hon. J. R. C. Thompson of Tualatin, Theo. Pointer, George Stitt and 500 other legal voters and residents of the portion of Washington county proposed to be annexed to Multnomah have signed a remonstrance and ask that the boundary lines be not changed. Less than 300 voters within the strip signed the petition and the remainder of the county is practically a unit against it. Let the majority rule. All county divisions should be decided by the wishes of the people affected. By not voting at all you give half a vote for the measure. Multnomah, all powerful, does not need one-fourth of Washington county to further increase her power in the state. The loss of the territory will practically ruin Washington, which is already small in area. We ask you to vote 339 X No.—W. D. Wood, Chairman Anti-Annexation Committee, Hillsboro, Oregon.
