Franklin Would Have Been Amazed

If his vision could have extended far enough into the haze of evolution to foresee the ultimate triumph of incandescent electric lighting—the GENERAL ELECTRIC MADZA LAMP.
The sage old philosopher flew his kite during a thunder storm, and by means of a key attracted and discovered electricity, but evolution decreed that modern inventive genius should discover an incandescent lamp that is revolutionizing artificial light.
THE GENERAL ELECTRIC MADZA LAMP gives nearly three times the light of the ordinary carbon incandescent—and costs no more to operate. In addition to this it gives light of a vastly superior quality—a clear white light like the sun's rays.
Everywhere people are having their houses wired for electric light, since the invention of the GENERAL ELECTRIC MADZA LAMP. It has made electricity as cheap as it is convenient. Come in for a moment today and let us prove to your entire satisfaction that there is no longer a possible excuse for you to be without the greatest of all household conveniences—electric light.

FINAL HOUR HAS COME.
(Continued from Page 7)
chances of victory.
Michigan.
Detroit, Nov. 8.—Michigan's round dozen of Republican congressman may be reduced by one, according to reports today from the Eighth district, where Congressman Joseph W. Fordney, Republican and extreme protectionist, has been bitterly fought by James P. Devereaux. Chase Osborn, Republican nominee for governor, will win by a good margin over Lawton T. Hemans, his Democratic opponent.
Minnesota.
St. Paul, Minn., Nov. 8.—Nine congressmen, a full state ticket headed by Gov. Eberhart for the Republican and James Hart for the Democrats, and a legislature which will name the successor of Senator Clapp, progressive Republican, are being passed on by the voters of Minnesota today. Local option is the great local issue. Gov. Eberhart taking no stand except to promise to sign such a bill if signed by the legislature, while Gray has announced himself as firmly favoring the measure. In the First Congressional district, where Congressman Tawney was defeated for renomination by the influence of Roosevelt and other progressives, a hard fight has been waged against the insurgent nominee, Sydney Anderson, by H. L. Buck, Democrat. On the other hand, Minnesota's one Democratic representative, W. S. Hammond, has had a hard fight in the Second District.
Mississippi.
Jackson, Miss., Nov. 8.—Mississippi will have eight Democratic representatives in the Sixty-second Congress. The election is passing off quietly.
Missouri.
St. Louis, Nov. 8.—"Amendment No. 10" is the great issue in today's election in Missouri, since the ballots of the voters will decide whether the state's great brewing and liquor interests, with millions of invested capital, shall be wiped out and the manufacture and sale of intoxicants prohibited. St. Louis, Kansas City, St. Joseph and other cities will vote to continue the present regime, but the country districts, now largely dry through local option, will roll up a big prohibition vote which may be sufficient to carry the constitutional amendment. In St. Louis and other cities women and children are taking part in the work of getting out the vote today, and prayers for the success of the dry cause are going up all over the state today. Interest in the congressional elections is mild, owing to the prohibition fight, but early returns point to a Republican loss. The G. O. P. now has six representatives in the House, but none of the districts are certain to be retained by the party except the Tenth, represented by Richard Bartholdt, the friend of peace.
Montana.
Butte, Mont., Nov. 8.—Political interest in Montana today centers on the election of legislators, who will choose a successor to Senator Carter. At noon today both parties were claiming assured victory.
Nebraska.
Omaha, Neb., Nov. 8.—After having been treated to a spectacular campaign, Nebraska voters will today decide between James C. Dahlgren, Omaha's cowboy mayor and a Democrat, and C. W. Aldrich, Republican for the governorship. Dahlgren stands on a liquor license platform, as opposed to the local option program injected into the campaign by W. J. Bryan. If the "cowboy" candidate is successful his adherents claim he will carry with him two congressional districts now represented by Republicans. The legislature elected today will elect a United States senator to succeed E. J. Burkett, Republican.
New Hampshire.
Manchester, N. H., Nov. 8.—Although Democrats are today declaring that New Hampshire will follow Maine, preliminary reports make it appear that Robert P. Bass, Republican gubernatorial nominee, has a safe margin over C. E. Carr, Democrat. Both congressional districts are apparently safe, although the majority of representative Sulloway will likely be much reduced.
New Jersey.
Newark, N. J., Nov. 8.—Victory for Vivian M. Lewis, Republican candidate for governor by 20,000 and for Dr. Woodrow Wilson, former Princeton president and Democratic gubernatorial nominee, by an even greater majority, are the conflicting claims made by political leaders this afternoon. In the Fifth, Seventh and Eighth

Directory of the Fraternal Orders of La Grande, Oregon

30 Days Trial In your Home

We know all about other sewing machines, from treadle to spool pin; we know them all, the cheapest and the highest price. We have investigated them all—Everyone of them has been found lacking some real essential; every one of them has had some glaring faults—but in

The FREE

which you hear and read so much about, we offer a machine that is perfected, absolutely perfect, a machine in which not the smallest detail can be improved.

And in order to get you to realize this superiority as we do, we have decided three things.

First, that we cannot afford to advertise its low price—you would never imagine that you could get so perfect a machine for so little money. To appreciate its price, you must come to the store and see the machine first.

Second, we will offer you the chance to test The FREE, from treadle to spool pin, in your own home. The day for you to become enthusiastic over its one point of superiority after another is to actually sew on The FREE for 30 days. We want you to keep it in your home—to sew on it as if it were your own—to test it in any way you choose—to compare it with any other sewing machine you know of and then make your decision. Unless you are fully satisfied—more than satisfied—send it back to us—it will not cost you a cent, we will refund all you have paid on it.

But there will be at least 33 reasons why you will want to keep The FREE when the 30 days are over.

—There is the rare beauty of its French-leg design and the japauned finish which never shows dust.

—There are the 8 sets of Ball-Bearings which make it the lightest running sewing machine in the world.

—Then there is the "Robocillo" movement—Mr. Free's own invention which makes The FREE faster than the fastest Rotary and simpler than the simplest shuttle.

—There is the Shuttle Ejector, the Automatic Locking Drawers, the Rotary Spool Pin, the Improved Head Latch, the Automatic Tension Release, the Automatic Lift, the Reinforced Shuttle which never wears out, the belt which never comes off, the remarkable 5 year insurance policy against all kinds of accidents—and everything else you could ever imagine to make a sewing machine absolutely perfect.

We want you to experience all of these things yourself and our third decision is to make it extremely easy for you to keep The FREE by offering it to you at your own terms as low as

\$1 a Week Payments
Come and see The FREE tomorrow and take it home for amonth's trial.
