#### ORCHARD COUNTY DOWNED HARD

Weston and Athena Strong Against It.  
Largest Towns Give Majorities.

That sentiment against the proposed county of Orchard was largely against that proposition, even within the boundaries of the proposed new county is indicated by the official election returns which show that only four precincts returned favorable majorities for the measure. Two of the largest towns in the proposed new county, Weston and Athena, returned strong majorities against the proposition, says the Pendleton E. O.

The four precincts which gave favorable majorities were North and South Milton, Valley and Ferndale, and even in these precincts there were many more votes cast against the measure that were cast for it in either of the Weston or Athena precincts.

Promoters of the Orchard county measure were acting on the assumption that both Weston and Athena were in favor of the county division, but the following vote shows no sentiment for county division:

North Athena—Yes, 12; no, 114.  
South Athena—Yes, 3; no, 65.  
Weston—Yes, 11; no, 82.  
East Weston—Yes, 14; no, 92.

All the other precincts, both within and without the boundaries of the proposed new county, gave strong majorities against the measure. In two or three there was not a single favorable vote cast.

## Franklin Would Have Been Amazed

If his vision could have extended far enough into the haze of evolution to foresee the ultimate triumph of incandescent electric lighting—the GENERAL ELECTRIC MADZA LAMP.

The sage old philosopher flew his kite during a thunder storm, and by means of a key attracted and discovered electricity, but evolution decreed that modern inventive genius should discover an incandescent lamp that is revolutionizing artificial light.

THE GENERAL ELECTRIC MADZA LAMP gives nearly three times the light of the ordinary carbon incandescent—and costs no more to operate. In addition to this it gives light of a vastly superior quality—a clear white light like the sun's rays.

Everywhere people are having their houses wired for electric light, since the invention of the GENERAL ELECTRIC MADZA LAMP. It has made electricity as cheap as it is convenient. Come in for a moment today and let us prove to your entire satisfaction that there is no longer a possible excuse for you to be without the greatest of all household conveniences—electric light.
