BE NOT MISLEAD

As there are no extra charges for examination of your eyes. One charge pays for examination, frames and glasses. The services and materials are far superior to any in the county. Dr. Mendelsohn carries the best stock that can be purchased. We have many people come to us after they have consulted eyesight specialists to be fitted with glasses. We do not claim to know everything. We do not grind everything. We do not repair everything.

WHAT WE DO KNOW.

Is how to fit glasses properly. Our 29 years practical experience enables us to guarantee results. Over 2,200 people in Union and Wallowa counties will testify to the permanent good we have rendered them.

Wherever you see Dr. Mendelsohn's name you can depend upon it that you are not paying for hot air but that you will receive honest value and skilled treatment. His word is as good as his bond. Ask any business or professional man in La Grande or any other city where the Doctor is known.
