CAPTAIN WASHINGTON OF HARVARD—things it is probable that almost every pass will go direct from center to the carrier.

Look For Many Fumbles. The chances for fumbling are infinite. It will take time for a vast majority of the centers to get their passes, many of which will be made at all sorts of angles, under control.

Misunderstood signals, too, will be a source of danger. Where the quarterback took the ball it was possible to remedy a slip-up of this character. Some one at least received the ball. He at least got the leather if there was no one to whom he could relay it. Crossed signals now are almost certain to result in a loose ball.

Formation Must Wait. That is the main reason why most of the big eastern teams started practice this fall weeks earlier than they have in previous years. The new rules do require a heap of studying, but it was for the extra work in the elementary stages of the game that all the extra work was ordered.

Until the players do get so they can handle the ball cleanly and accurately fumbling and luck are bound to have a greater prominence than they have in the past. The teams that quickest master the rudiments, therefore, will have a big advantage over their slower rivals. The sooner they get so they can handle a football the sooner the coaches will be able to work out the intricate formations that are expected to play so big a part in the game this season.

Sadowski Red's New Shortstop. Griffith may try out an amateur shortstop named Sadowski, who is said by the natives of Long Island to be a whale. He may be all O. K., but if Mr. Sadowski should ever chuck a mufski Griff would kick his pants.

Paul Will Quit Running. Wilton Paul, the college champion mile runner, who negotiated the distance in 4:17.45 for Pennsylvania in 1909, will retire from the track. He will practice dentistry in Buffalo.

Be true to yourself and you do not need to worry about what the neighbors think.
