Franklin Would Have Been Amazed

If his vision could have extended far enough into the haze of evolution to foresee the ultimate triumph of incandescent electric lighting—the GENERAL ELECTRIC MADZA LAMP.

The sage old philosopher flew his kite during a thunder storm, and by means of a key attracted and discovered electricity, but evolution decreed that modern inventive genius should discover an incandescent lamp that is revolutionizing artificial light.

THE GENERAL ELECTRIC MADZA LAMP gives nearly three times the light of the ordinary carbon incandescent—and costs no more to operate. In addition to this it gives light of a vastly superior quality—a clear white light, like the sun's rays.

Everywhere people are having their houses wired for electric light, since the invention of the GENERAL ELECTRIC MADZA LAMP. It has made electricity as cheap as it is convenient. Come in for a moment today and let us prove to your entire satisfaction that there is no longer a possible excuse for you to be without the greatest of all household conveniences—electric light.

How to Stop Drinking.

It was formerly customary for the habitual drinker to take the pledge regularly, sometimes once a year, and sometimes in every fit of remorse that followed his debauches, and then—Break it!

But now it is gradually dawning on the world that pledges do not stop drunkenness. The nervous system of the habitual drinker is diseased and he must have treatment that will cure the drink habit of the money will be refunded. Can be given secretly.
