## Franklin Would Have Been Amazed

If his vision could have extended far enough into the haze of evolution to foresee the ultimate triumph of incandescent electric lighting—the GENERAL ELECTRIC MADZA LAMP.

The sage old philosopher flew his kite during a thunder storm, and by means of a key attracted and discovered electricity, but evolution decreed that modern inventive genius should discover an incandescent lamp that is revolutionizing artificial light.

THE GENERAL ELECTRIC MADZA LAMP gives nearly three times the light of the ordinary carbon incandescent—and costs no more to operate. In addition to this it gives light of a vastly superior quality—a clear white light like the sun's rays.

Everywhere people are having their houses wired for electric light, since the invention of the GENERAL ELECTRIC MADZA LAMP. It has made electricity as cheap as it is convenient. Come in for a moment today and let us prove to your entire satisfaction that there is no longer a possible excuse for you to be without the greatest of all household conveniences—electric light.

### Pleasing Bill at the Orpheum.

The new bill at the Orpheum last night pleased a full house and all four acts were good of their kind. Sam Dalton, the eccentric local comedian was the top liner of the evening's performance and his jokes and local hits were roundly applauded. The Juggling Parrots are also very good and their act shows clever and systematic training. May Emerald, in a contortion novelty act was a very clever performance, the first of its kind seen at the theatre this season. Miss Lillian Travelle, the light ballad vocalist came in for her share of the applause in her clever singing.

### Big Crowd at the Isis.

Despite the other numerous attractions in the city last night the Isis picture show was crowded by its patrons. All the pictures were good and the popular song was well received. The clever playing of the orchestra was shown last night were: The Nine of up to the usual standard. The pictures shown were: The Great King, In Spite of Wald, Russia, A Boquet, and Hank and Lank Take a Rest.

### Burgomaster Draws Big House.

A big house greeted the Burgomaster at the Steward last night and was far better than The Time, Place and the Girl, which was here recently. Gus Weinberg was the same old Gus, full of witty sayings and good jokes. The support given Mr. Weinberg was good especially that of the dainty little miss who took the part of "Willie." She played her part as well if not better than May White, who starred in the play here several years ago. The choruses were good, both male and female, and the songs, although not the latest, were cleverly rendered and well received.

### "Nancy" Coming.

One of this season's great play successes is a play called "Nancy," which was written by C. H. Kerr, author of the Beauty Doctor, Little Dollie Dimples, Papa's Baby, Over the Fence, etc. This piece will be presented in this city for one night, Dec. 14, at the Steward and comes with a great company, headed by the peerless comedienne, Grace Cameron. The play is delightful and refreshing, full of heart interest and highly diverting comedy situations. The production comes here in its entirety the same as in all the metropolitan cities. There has been some controversy amongst our theatre goers as to whether we were to have the original No. 1 (or big city) company in Nancy or a secondary company.

### LOVELY COMPLEXION.

A Clear Skin and Bright Eyes are Easy to Get.

All the beauty creams in creation won't improve your complexion if your stomach is out of order.

Belching of gas and heartburn means bad food in the stomach. Bad food means bad blood and bad blood means a bad complexion.

Try MI-O-NA stomach tablets for stomach misery, biliousness, dizziness and indigestion. They relieve in a few minutes; they make rich, red blood. They are guaranteed by the Newlin Drug Co. to cure or money back.

Read what a Kansas woman says: "I had been doctoring a year for stomach trouble and found nothing that did as much good as MI-O-NA. I only have the second box and they have relieved all pain in my stomach. For stomach trouble or indigestion MI-O-NA can't be beaten. MI-O-NA has done a world of good for me when doctors failed."—Mrs. Cordelia B. Mann, 207 E. 11th st., Junction City, Kans.

MI-O-NA stomach tablets are sold by the Newlin Drug Co. and druggists everywhere for 50 cents a large box. Test samples free from Booth's MI-O-NA, Buffalo, N. Y.

### Ground in Forest Fires.

Washington, Dec. 6 (Special)—One of the strangest facts observed in the forest fires in the north and west is the burning of the ground. Falling leaves, bark and twigs and dying plant life gradually accumulate in the forests. The rains and dense shade keeps the mass damp. Mosses, in time, grow upon the surface of the decaying vegetation. The half rotten accumulation settles down and hardens. Trees spring up and take their roots in the peaty substance.

Then comes a season of drouth, and the dampness evaporates. A hunter, woodman or farmer builds a fire or possible railroad engine drops sparks and a slow cancer of fire eats deep among the roots and smoulders for months. Should a strong wind spring up, the trees already undermined by the fire, topple over and the roots throw off sparks. Flames burst out and with rapidity spread throughout the forest.

A forest fire which occurred in Northern Minnesota a few weeks ago broke out in many places at once, because many of these subterranean fires were in existence and only awaiting for a wind which appeared on October 7. In this fire about 16,000 square miles of timber burned. The villages of Beaudette, with a population of 1200 and Spooner, with 850, were wiped out of existence in an hour. Hundreds of "homesteaders" who were carving their homes out of the forest saved their lives only by lowering themselves into deep wells.

### LATE HONOR TO LINCOLN.

Monument Wanted for Martyred President in Washington.

Washington, Dec. 6 (Special)—The erection of a monument in this city in honor of Abraham Lincoln will be urged upon congress for approval by Senator Cullom. He believes that Lincoln has been too long neglected and that a memorial should be erected without further delay and regardless of expense. Whether the cost should be \$2,000,000 or \$3,000,000, Senator Cullom said should not be given consideration in the selection of a suitable design.

Cullom was a close friend of Lincoln and thus the personal element as well as his admiration for Lincoln's greatness enters into his desire to see the emancipator properly honored.

Provision for the erection of a memorial, he says, is a wish I cherish as a duty which I hope may be fulfilled before I and my service.

The project has been pending in congress for years but failure of the statesmen to agree upon a site has prevented the legislation.

Two statues of Lincoln now grace the streets of Washington. One shows him in the act of striking shackles from a slave and the other is a small statue of the war president standing on a high pillar of stone. The demand, however, is for a grand memorial and Senator Cullom believes that conditions are favorable for getting action taken by congress this winter.

# ASYLUM BOARD IS DUE SOON

JOHN COCHRAN ASSERTS PLANS INDICATE PROBABILITY.

Agent Will Complete His Report to the Land Board in Few Days.

Pendleton, Dec. 5—"I look for the state board to come to eastern Oregon the latter part of next week to select the site for the eastern Oregon insane asylum," said John Cochran this morning. Cochran, together with McCarthy, has been in eastern Oregon for the past two weeks gathering data for the board, which in addition to Acting Governor Jay Bowerman and Treasurer Steel will consist of Dr. R. E. L. Steiner, superintendent of the insane asylum of Salem.

"Court convenes at Condon this morning and at Possil one week from today," said Mr. Cochran. "Mr. Bowerman has a number of important matters to come up in each of these courts and I know he will want to be there. It is also certain that he will not want to make an extra trip to eastern Oregon, if it can be avoided, therefore look to see him joined here next week by Steel and Steiner."

"It will take me the remainder of the day to close up the options here. I will go to Condon tomorrow and will complete my report to the state board a couple of days later."

According to Cochran, the board will have 17 different sites from which to make a selection. Baker City and Pendleton each have seven offered, while Union has submitted three different ones.
