**Franklin Would
Have Been
Amazed**

If his vision could have extended
far enough into the haze of
evolution to foresee the ultimate
triumph of incandescent electric
lighting—the GENERAL ELECTRIC
MADZA LAMP.

The sage old philosopher flew
his kite during a thunder storm,
and by means of a key attracted
and discovered electricity, but
evolution decreed that modern
inventive genius should discover
an incandescent lamp that is
revolutionizing artificial light.

THE GENERAL ELECTRIC
MADZA LAMP gives nearly
three times the light of the ordi-
nary carbon incandescent—
and costs no more to operate. In
addition to this it gives light of
a vastly superior quality—a
clear white light like the sun's
rays.

Everywhere people are having
their houses wired for electric
light, since the invention of the
GENERAL ELECTRIC MADZA
LAMP. It has made electricity
as cheap as it is convenient.
Come in for a moment today and
let us prove to your entire sat-
isfaction that there is no longer
a possible excuse for you to be
without the greatest of all
household conveniences—electric
light.

LOCAL THEATERS

Billy Robinson and His Piccaninies.

Piccaninies Arrive.
Coming as a stellar attraction from
the Pantages circuit Billy Robinson,
and his piccaninies arrived this morn-
ing and will be at the Orpheum the
rest of the week. These people are
touted by the managers of the Pan-
tages as being up to snuff and Man-
ager Gardiner thinks he is safe in
saying he has a splendid production
for tonight in the Robinson crowd. The
little colored people arrived on the
morning train. Their first appearance
will be this evening at the Orpheum.

Grace Cameron Good.

Grace Cameron in "Nancy" enter-
tained a medium sized crowd at the
Steward last evening with a string of
comedy and songs. The play itself is
insignificant, having no weight or no
serious fault. Miss Cameron though is
a talented personage and while the au-
dience was somewhat disappointed in
the nature of the play, it came away
well satisfied with Miss Cameron.

"THE CITY OF BOYS."

Interesting and Instructive Film at
The Star.

Along with entertaining features the
Star theatre tonight presents the
great lecture in pictures of the "City
of Boys" by Judge Willis Brown, who
is an authority on juvenile court mat-
ters and ranks with Judge Ben Lind-
say of Denver when it comes to han-
dling the boys of the country. This
film tells the story of advancement be-
ing made in juvenile work and illus-
trates that remarkable city, Charle-
voix, Michigan, which is known
throughout the world as the national
city of boys.

If you are a parent, or if you love a
boy, be sure and see the pictures at
the Star tonight, tomorrow afternoon
and tomorrow night.

Baker Has A Team.

Active practice for the basket ball
season opened this week and the
prospects now are for the fastest
team that Baker has ever had, and the
school here has had some good ones,
relates the Herald. Some of the old
standbys are one hand again and will
form a nucleus for a fast quintet.
Floyd Howard, forward on last year's
team, and Ray Finley, who played
guard, are doing good work this
year. Malone, who was here a short
time last year, will probably play the
season here. Claude Bronaugh, Hen-
ry Burke, Elliott Finkelnburg and Hal
Ryder are showing up well and stand
a chance to make the team. Active
practice began Monday night and
about 20 boys are turning out every
evening for work.

The girls have about 15 candidates
out for the various positions and will
probably have a good team. Most of
the members of last year's team are
here and it is expected that some
good games will be played.

No games have been definitely ar-
ranged yet but a trip is being plan-
ned for the boys which will include
games at Pendleton, Milton and Walls
Walla. It is probable that several
games will be played here.
