**WOOL GROWERS  
ARE VEXED**

MEMBERS OF ASSOCIATION WILL  
GRILL MESSAGE.

Program of Wool Gathers' Convention  
is Being Prepared Now.

Portland, Ore., Dec. 19 (Special)—That President Taft's latest message will come in for a grilling at the hands of the wool growers of America at the annual convention scheduled for Portland January 4, 5 6 and 7 is the frank prediction of sheep raisers. This message holds out little hope to the wool growers and they regard it as settled that he regards the wool and woolens schedule as indefensible, for he has said so on a number of occasions.

It is felt that so long as President Taft feels that a majority of the people want the schedule revised, whether the industry will be wrecked or not, he will stand by his original program for the reopening of the schedule and some changes in the duties on wool and woolens, although he has stated on numerous occasions,

it is said, that he is not after the woolgrowers, but rather the manufacturers.

Growers are naturally hoping that congress will not dig into the tariff a chance to report. The fear is general, however, that revision of Schedule K is inevitable and this is causing a depressed feeling among sheepmen everywhere. The tariff talk that will be heard will be the big feature of the coming convention. Strong speakers have been secured to discuss the situation and advise a way out. Edward Moir, president of the Carded Woolens Manufacturers' Association, will speak on "Schedule K, from the standpoint of the Carded Woolen Manufacturers."

"The Payne-Aldrich Tariff and Wool Importer" will be the topic presented by C. H. Brown, Washington representative of the National Wool Growers' Association.

"Tariff on Wool and Woolens" is the subject to be presented by Theodore Justice of Philadelphia, and Fred H. Blume of Sheridan, Wyo., will speak on "Protection for Wool and Woolens." There will be an extended discussion on wool tariff matters at all the sessions of the new convention. Other subjects to be discussed are:

"Schedule K," by Peter G. Johnson Blackfoot, Idaho.

"What Sheepmen Can Accomplish by United Effort," by C. B. Stewart, Salt Lake City.

LAMBDA PHI ALPHA WILL CONDUCT SERIES OF LECTURES

With Roomy Quarters Available  
Young Club Men Plan Work.

The next regular meeting of the Lambda Phi Alpha club will be held at the home of John Ruby and the meetings thereafter will be held at the club's new quarters.

The club has been very fortunate in securing two large rooms in the Corp building which they are fixing up in nice style. The membership is steadily increasing and much club spirit is shown.

The boys have been unable to take any part in basket ball this year on account of their inability to secure the rink or a building large enough for practice, but they are looking forward with great interest to the social life of the club.

The boys have been fortunate in securing a series of lectures on various topics, to be given in the near future.

Taking it as a whole there are great things in store for the L. O. A. C. this season. The meeting tomorrow night is important and all members are urged to attend.
