Franklin Would Have Been Amazed

If his vision could have extended far enough into the haze of evolution to foresee the ultimate triumph of incandescent electric lighting—the GENERAL ELECTRIC MADZA LAMP.

The sage old philosopher flew his kite during a thunder storm, and by means of a key attracted and discovered electricity, but evolution decreed that modern inventive genius should discover an incandescent lamp that is revolutionizing artificial light.

THE GENERAL ELECTRIC MADZA LAMP gives nearly three times the light of the ordinary carbon incandescent—and costs no more to operate. In addition to this it gives light of a vastly superior quality—a clear white light like the sun's rays.

Everywhere people are having their houses wired for electric light, since the invention of the GENERAL ELECTRIC MADZA LAMP. It has made electricity as cheap as it is convenient. Come in for a moment today and let us prove to your entire satisfaction that there is no longer a possible excuse for you to be without the greatest of all household conveniences—electric light.

LOCAL THEATRES

At the Orpheum.

Wellington Brothers, singing, talking and roller skating dancing was the new act at the Orpheum last night and was another headliner. A clog dance executed on roller skates by the black face comedian of this team is very good and proved popular from the beginning of their act. Their singing, dancing and talking stunts are also good. Jim Spauld, the Chink impersonator and monologist, had something doing every minute of his sketch last night and brought down the house by his clever sayings. Willis and Estella, the Australian entertainers had a complete change of program for their act last night that was even better than their performances earlier in the week. The ventriloquist powers of the male member of this team is a gift possessed by few people, and he uses it to good advantage.

At the Isis.

The Little Station Agent, a vivid railroad story of railroad tragedy intertwined with a love story by Edison, proved to be one of the greatest hits at the Isis this week, of any pictures shown in this city. Those that missed seeing it, missed something. Tonight a complete new change of reels will be shown. For details of pictures see the house ad on local page.
