Petition for Steel Bridge.

W. R. Neal of Brownlee, is in this city circulating a petition for signatures, which is to be presented to the governor, asking for a bridge across the Snake river at the mouth of Brownlee creek. At this point the river is only 287 feet wide and two spans at an estimated cost of \$17,000 would build the structure, which would be a great advantage to the people of that section, as a ferry is impractical except for a short time in the year.—Baker City Democrat.

WANTS INFORMATION

Californian Would Like to Know if It Snows in Union County.
Ovid M. Thompson writes from Caronado, California, that he wants to

learn something about Union county especially in regard to the amount of snow fall. Unless there is some snow he doesn't think he wants to come. He asks the Observer if it thinks the climate is healthful and would be greatly obliged to have information on that score.

SCHOOLS WELL DRILLED.

All Public Buildings Emptied in Less Than a Minute.

In view of the fact that the lives of 600 school children were saved in Idaho by fire drill, it may be interesting to Baker people to know that every public school building in the city was emptied today in less than a minute. Fire Chief Grabner, without any notice, held a fire drill in every school building, the time of emptying the buildings being: Brooklyn, 45 seconds; South Baker, 50 seconds; High School, 50 seconds; North Baker, 45 seconds. Sisters school, one minute. These drills are held by the fire chief every month.—Baker Herald.
