AEROPLANE INVENTOR HERE

Grant Keyes, Old Timer of La Grande, Back from Coos Bay for Visit.

Grant Keyes, the original aeroplane man has returned to this city from an extended stay at Coos Bay. Mr. Keyes, a former La Grande resident, invented an aeroplane ten years ago which flew successfully. The remains of the primitive machine based on the principle with which men soar to great heights now, is still near Morgan Lake. Mr. Keyes intends to spend several days here visiting his old friends.

"I had been troubled with constipation for two years and tried all of the best physicians in Bristol, Tenn., and they could do nothing for me," writes Thos. E. Williams, Middleboro, Ky. "Two packages of Chamberlain's Stomach and Liver Tablets cured me." For sale by all dealers.

Worth Shouting About.

When one has a good article to sell he generally feels like talking about it. But when the article is exceptionally good he just "feels like shouting" and that is just the way King feels about his FAM US KING cigars. He is working six cigar builders on his three shapes, five, ten and a bit, all brands being built in Spanish form.

Spanish work is a grade that few understand, in fact it is an art, and it takes the most skilled mechanics' best efforts to produce that class of cigars; not made but they are built; each part being independent of the other. One can take the wrapper off of a FAM US KING cigar. Still the cigar will smoke. One can cut the cigar in two or five parts and each part will smoke independent of the other. Now take workmanship like that combined with the highest grade of Imported Havana's built into a sweet combination and what can you expect, a cigar very hard to equal and we recommend a trial of the FAM US KING should you smoke one you will sure smoke more.

MAKE STRIKES ILLEGAL

BILL NOW READY FOR INTRODUCTION IN WASHINGTON.

Plans Provided for Heavy Fines on Man Precipitating Strike.

Spokane, Wash., Jan. 2.—Declaring strikes and lockouts to be illegal and providing compulsory arbitration for all disputes are the means set forth to solve the labor question in a bill prepared by Sate Senator George W. Shaefer of Spokane, for introduction at the coming session of the Legislature. The penalty for inciting a strike or a lockout is fixed at \$1,000.

The bill provides that any employe may be fined \$50 for every day he is on strike, while the employer causing a lockout becomes liable to a fine of \$10 a day for each employe thus deprived of work, this in no instance to be less than \$100 a day in the aggregate. The arbitration board is to be composed of five members, two each to be selected by employer and employe, the four chosen to appoint the fifth. Any member accepting a gratuity from either side is liable to a fine of \$1,000.

Seven classes of industrial disputes are named as coming within the jurisdiction of the arbitration board, as follows: Wages, hours, and terms of employment, employment of children, favoritism, faulty material or damaged work, established customs and uses of various trades and interpretation of agreements.

Difference arising out of any of the foregoing causes is ground for applying to the commissioner of labor to appoint a board of arbitration, following which neither employer nor employe is permitted to make any change in the terms or conditions of employment until a final decision has been given by the board. In the event no decision is reached a new board may be summoned at once.

While the board is empowered to summon witnesses and take testimony attorneys at law are barred from appearing except by agreement of both parties and all members of the arbitration body.

HIDDEN DANGERS

Nature Gives Timely Warning That No La Grande Citizen Can Afford to Ignore.

Danger Signal No. 1 comes from the kidney secretions. They will warn you when the kidneys are sick. Well kidneys excrete a clear, amber fluid. Sick kidneys send out a thin, pale and foamy, or a thick red, ill-smelling urine, full of sediment and irregular of passage.

Danger Signal No. 2 comes from the back. Back pains, dull and heavy, or sharp and acute, tell you of sick kidneys and warn you of the approach of dropsy, diabetes and Bright's disease. Doan's Kidney Pills cure sick kidneys and cure them permanently. Here is proof in the statement of a nearby resident.

John Torongo, Cracker street, Sumpter, Oregon, says: "Last spring my kidneys were disordered and I began to suffer from backache. I noticed that the kidney secretions were highly colored and painful in passage and I thus knew that my kidneys were at fault. The use of one box of Doan's Kidney Pills toned up my kidneys and caused the backache to cease. I am grateful to Doan's Kidney Pills for what they did for me."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.
