OPERA HOUSE BLOCK

LA GRANDE, OREGON

CAVEIN KILLS MAN IN TRENCH.

Laborers Dig Furiously in Futile Attempt to Rescue Him.

Portland, Jan. 4.—Buried under 15 feet of earth, the life was crushed out of Odin Anderson, a laborer, at 8 o'clock this morning while he was engaged in digging a trench at Patton avenue and Alberta street. For 30 minutes Anderson's fellow workmen dug furiously through the earth to locate the body but by the time they found it life was extinct.

Anderson reported for work at the usual hour and at once entered the trench, which was 15 feet deep and about 2 1/2 feet wide. The walls were unprotected by cribbing and when the earth began to crumble, Anderson had no way to save himself. There

were others in the trench but they were far enough away from the cave-in to escape.

When Anderson saw the earth enveloping him he gave one scream before his mouth was covered. The rescue work began at once, but the soil was of such character that it was difficult to make progress. Dr. Stone was summoned before the body was found but when it was brought to the surface there was no need of his services.

Anderson lived with his wife at 611 Clinton street. He was 30 years old and has been in Portland only a short time. He was employed by William Lind, the contractor on sewer work and was regarded as a faithful workman. His wife is employed in one of the stores of Ben Selling.

WRIGHT SLATED TO LOSE JOB

WEST'S RIGHT HAND MAN WILL BE GIVEN EXAMINERSHIP.

Ceded that Wright is to Lose Job And Olcott to Succeed Him.

That Will Wright, the pioneer banker of Union is to be displaced as state bank examiner by B. W. Olcott, is indicated by the following from a Portland paper:

That B. W. Olcott, Oswald West's right-hand man during the recent campaign, will be the choice of the incoming board as State Bank Examiner to succeed Will Wright, incumbent, is being freely talked here and there is considerable speculation as to the truth of the rumor, which apparently comes from a good source.

That Olcott will be the choice of West if a change is decided upon seems almost certain, although West has made no statement as to what he will do in this respect.

Whether Olcott would accept is not positively known, as he refused to be quoted tonight. But there is every reason to believe that he will be the man selected by West, and further there is every reason to believe, from what can be gathered, that at least two votes of the board will be cast for Olcott, if Olcott will agree to accept.

For practically two years Olcott and West were employed together in the Ladd & Bush bank in this city.

During that time the Governor-elect and Olcott were roommates and formed a close attachment. It is required that the state bank examiner have a certain amount of practical experience and Olcott has all that and while learning the banking business with West and during six years was cashier of an Illinois bank and later being employed under Capt. E. T. Barrette in the Pioneer bank at Fairbanks, Alaska.

How soon the appointment will be

made is not known, but it has reached the stage where it is practically a certainty, although members of the board are still reticent as to what they will do in this connection.

WHY SALVES FAIL TO CURE ECZEMA

Scientists are now agreed that the eczema germs are lodged not in the outer skin or epidermis, but in the inner skin. Hence, a penetrating liquid is required, not an outward salve that clogs the pores.

We recommend to all eczema patients the standard prescription Oil of Wintergreen as compounded in liquid form known as D. D. D. Prescription. A trial bottle of this D. D. D. Prescription, at only 25 cents, will instantly relieve the itch. We have sold and recommended this remedy for years, and know of wonderful cures from its use. We recommend it to our patrons.
