Boys to Run Farms.
 Portland, Ore., Jan. 11 (Special)—Portland boys are to be interested in gardening by the local Y. M. C. A. A contest for the most successful growers of vegetables among boys between the ages of 12 and 16 years will be started, with prizes for the winners.

Any Portland boy is eligible to enter and the only expense will be the actual cost of seed. A plot of ground 10 by 15 feet in extent is to be used by each contestant and if such a piece of ground is not available in his own back yard, the contestant will be given the use of a tract by the Y. M. C. A.

Contestants will be divided into two classes. One will raise early and the other late vegetables. Each division will raise four vegetables, yet to be named, and the first division, in addition, will cultivate sweet peas.

The first division will close its contest on June 25 and on that day and the one following an exhibition of the products will be made at the auditorium of the Y. M. C. A. Suitable prizes will be presented to the winners, the judges passing both on the products and the gardens themselves, while under cultivation. The contest for the second section will close September 29.

The co-operation of the Oregon Agricultural college will be given to the contest. Instructors in that institution will give advice to the boys and will place bulletins issued on gardening in their hands.

H. W. Stone, general secretary of the Y. M. C. A. and J. C. Clark, boys' secretary, are starting the contest in order to induce the boys to spend a large part of their time in the open air engaged in a useful work, while at the same time they will gain a practical knowledge of gardening. They do not believe that everyone should go back to the farm, even if it were possible, but as a substitute they have outlined the gardening contest to utilize vacant back lots.
