Price Collier's articles, now appearing in Scribner's Magazine, are remarkable for their trenchant observation. They clear up much of the nonsense that has been written about English rule in India. In the February Scribner he gives an account

of his visit for several weeks with the Governor of Bombay. He outlines the broad plan by which England governs India, and pays a high tribute to its efficiency.

DON'T EXPERIMENT WITH YOUR EYES.

If your eyes trouble you, consult Dr. Mendelsohn, whose skill, knowledge and practical experience are highly appreciated by most men of truth and integrity.

THE MOST CONVINCING TRUTH is to ask your neighbor, your physician, or any business man in the city. You do not pay for HOT AIR. The service and material that you get are far superior to any in Union county. Wherever you see the name of Dr. Mendelsohn you can depend upon it that it is strictly reliable. His word is as good as his bond and over 2200 people in Union and Wallowa counties will testify to these facts.

JOY RIDING IN JANUARY.

While Other Sections are Snowbound Local Autos Buzz.

Grande Ronde climate stands out in strong contrast while the people are touring the valley in their automobiles for business and pleasure, when people are reported to be freezing to death, trains are snowbound, and the mercury anywhere from zero to 58 below. The Willamette valley has had a greater depth of snow so far this season than the Grande Ronde. Many of the stockmen have not commenced regular feeding this winter and all of the farmers will have a much greater surplus of hay to dispose of than usual.
