APPROPRIATION NEEDED.

Eugene School Needs Paltry Appropriation to Maintain Standing.

University of Oregon, Eugene, Ore., Jan. 24 (Special)—A special appropriation for improvements and the maintenance of the university was recommended by the board of regents, which met last Tuesday. This appropriation is for the next two years, and will amount to \$409,418.92, and is small in proportion to the wonderful growth of the university, which has increased in attendance 165 per cent in all departments. Since the \$125,000 appropriation four years ago, there has been no additional fund for buildings or maintenance, and the administration has been facing a hard proposition for three years.

The appropriations recommended will include: new instructors and additional maintenance, \$42,000; correspondence school, \$10,000; summer school, \$6,000; books for library, \$20,000; men's dormitory, repairs, \$10,000 (to establish the cafeteria system); 11th street paving \$3,418.92; completion of swimming pool, \$5,000; removal of athletic field, present site to be used for new buildings, \$10,000; laboratories, \$30,000; addition to power house, \$15,000; printing plant, \$8,000; land \$15,000; cost administration and commonwealth building with furniture and fixtures, \$175,000; medical school \$30,000 for building, \$10,000 for laboratories, \$20,000 maintenance.

The university receives less money from the state than any of the western colleges. Washington appropriation is \$970,000, while California receives \$2,500,000 annually. The salaries of instructors are much lower in Oregon than either of these schools and considering the fact that they teach many more students than the average college instructor, owing to the large number of courses each is expected to handle, the need of additional appropriation is a crying one. The present enrollment excluding duplicates of the university, including law and medicine departments is 1,414 and a conservative estimate for next year will not fall short of 1,700 students, almost 1,000 of which will be registered in the collegiate departments at Eugene.

Corn Fed Cattle.

Paul Knapp and G. H. Crossland, who owns farms along the Grande Ronde river below Powwaka, were in town a day or two, leaving for their homes Friday, says the Enterprise Record.

They had been out with cattle that they sold to Wallowa butchers. The cattle were corn fattened, probably the first of the kind ever marketed in this county.

Free Reading Room.

Enterprise will have a free public library and reading room, so states the Record. The action has not been taken yet, but we are assured the council is a unit and will probably take the necessary steps at its next meeting. A splendid move and one that will never be regretted.

CURED TO STAY CURED.

How La Grande Citizens Can Find Complete Freedom From Kidney Troubles.

If you suffer from bacache, from urinary disorders, from any disease of the kidneys, be cured to stay cured. Doan's Kidney Pills make lasting cures.

Grateful people testify. Here's one case of it:

Mrs. William Beardneaux, 2130 Colorado St., Baker City, Ore., says: "My kidneys were badly disordered as the result of a cold I contracted and I suffered from an almost constant backache. To go up or down stairs caused severe pains throughout my body and I was also annoyed by headaches and dizzy spells. Reading of Doan's Kidney Pills, my husband procured a supply and the contents of two boxes cured me. I shall always give Doan's Kidney Pills my endorsement. (Statement given November 3, 1907.)

A Lasting Effect.

On May 26, 1910, Mrs. Beardneaux said: "The cure Doan's Kidney Pills made in my case has been permanent. Whenever I have the opportunity, I recommend this remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Girls Show Sense.

Spokane, Wash., Jan. 24—When the girls' senior class of the North Central high school reported for study Thursday morning there was a transformation that for a time led the pedagogues to believe the world had become younger in a night. Following the annual custom of the Senior A class it was ordained by a bevy of girls that for one day previous to graduation each should appear in maidenly simplicity without "raids" and frills and the vanities so dear to the feminine heart. The transformation was magical. Great masses of soft tresses shorn of their hideous Elizabethan encroachments, glistened in the subdued light and "Sis Hopkins" braids found favor among the schemes of simplicity. Youthful hearts that had been wont to worship at artificial beauty's shrine, bowed in abject surrender before their respective queens. But tomorrow the discarded frills will appear and the sweet dream of masculine youth will like the Arab, vanish in the night.

MEN WANTED

No Man Over 45 Need Apply.

"Honeymoon Trail" Good.

A large audience was highly delighted with the presentation of "The Honeymoon Trail" at the Steward last night. The company was exceptionally good and though the songs were not as catchy as is often the case, the entire troupe made a decided hit. There is plenty of fun and good singing and pretty girls to keep close attention throughout the performance. It is conceded to be one of the best comic operas seen here this winter.

"I had been troubled with constipation for two years and tried all of the best physicians in Bristol, Tenn., and they could do nothing for me," writes Thos. E. Williams, Middleboro, Ky. "Two packages of Chamberlain's Stomach and Liver Tablets cured me." For sale by all druggists.
