

STOCK SHOW IS DISCUSSED

UNION BOOSTERS ALREADY AT WORK ON BIG EVENT

June Show to be Great Attraction If Interest Shown is Criterion.

Union, Feb. 28 (Special)—First symptoms of a community horse show epidemic were discovered last evening when about sixty members of the city's business men's calendar held a meeting to discuss the coming animal stock show in June. The meeting resulted in displaying a great deal of interest and in the appointment of a committee consisting of Gus Levy, Geo. Seibird and Robert Withycombe which has arranged for a meeting to-morrow night when the officers will be elected and permanent plans made.

The stock show, now an annual event of a great deal of importance, will be better this year than ever if the vim and ginger shown last night are criteria. With the past two seasons' success to spur them on the stock association will have plenty of elixer and June will bring forth something even better than the signal success of last year.

COSTS BUT A TRIFLE

TO CURE CATARRH
How many readers of the Observer know that in inland Australia where the mightiest of eucalyptus trees grow in abundance, that there is no consumption, catarrh or diseases of the respiratory tract.

The refreshing balsam thrown out by these trees fills the air and is breathed into the lungs by the inhabitants and all germ life is destroyed.

If you have catarrh you cannot go to inland Australia except at great expense, but you can breathe right in your own home the same pleasant, soothing, healing, germ killing air you would breathe if you were living in the eucalyptus district of Australia.

Just breathe HYOMEI; it is made from Australian eucalyptus and scientifically combined with thymol and other antiseptics employed in the Listerian system.

Pour a few drops of HYOMEI in

the inhaler and breathe it. As it passes over the catarrh infected membrane it kills the germs and heals the raw, inflamed surface.

HYOMEI is guaranteed to cure catarrh, colds, coughs, croup and sore throat, or money back. Complete out including inhaler \$1.0. Extra bottles HYOMEI cost but 50 cents. Sold at the Newlin Drug Co. and druggists everywhere.
