UNION GIRLS TO
PLAY HERE

UNION BOYS NOT ON THE SCHEDULE

Game Saturday Night Should be Closely Fought Out All Way Through

There will be but one game next Saturday night, rather than a double headed affair as first announced. The Union girls are coming Saturday to meet the local girls and a game of speed and interest should result.
The girls, once winners over Union by a narrow margin, have been drilling constantly to overcome the improvements reported in the Union team and there is no surety in the game going to La Grande next Saturday. The Union team cannot claim the championship by winning Saturday but a defeat to the local girls would mar the clearness of the championship claimed by the local team now.

Canadian Mining Institute.

Quebec, March 1.—The thirteenth annual meeting of the Canadian Mining Institute convened today at the Chateau Frontenac. The subjects which are to be considered and many men of international prominence will participate in the meeting tend to make the convention one of the most important ever held by the institute.

The meeting will continue until Friday, concluding Friday night with the annual institute dinner, at which Dr. Heinrich Ries of Cornell University, Professor H. E. Gregory of Syracuse University, W. P. Ingalls of New York City, Dr. A. R. Ledoux and other men of prominence will speak.

Among other subjects the papers and discussions at the meeting will deal with the asbestos industries of the world, the mineral possibilities of the Chibouganou region, the petroleum industry in California, the recent underground development work at Cobalt, the gold fields of the Porcupine district, the copper deposits of the Keweenaw peninsula, and copper mining on the British Columbia coast. In addition to the well known mining men present there are many eminent engineers and geologists from both Canada and the United States.

In Memory of Addison.

London, March 1.—Nearly all of the literary and journalistic societies of the United Kingdom are observing in some manner the two-hundredth anniversary of the first edition of Addison's Spectator which, though it flourished for so short a time, exerted a commanding and permanent influence upon both literature and journalism and left a distinct mark upon the manners and morals of its generation. The Spectator as a daily lasted only from March 1, 1711, to December 9, 1712. It was revived as a tri-weekly two years later, but only eighty numbers were issued.

All Invited to California.

San Jose, Cal., March 1.—San Jose today celebrated invitation day by mailing the first lot of 4,000,000 invitations which are to be sent by Californians to friends and acquaintances throughout the east, inviting them to locate in this state. The movement was started by the Southern Pacific Railway and is designed to attract permanent settlers rather than tourists. Each county of California is to send out its quota of invitations, which are in the form of attractive cards bearing views of the different localities.

Michigan Democrats Meet.

Muskegon, Mich., March 1.—More than 300 delegates and several times that number of visitors were on hand here today for the opening of the State Democratic convention. The business of the convention is to nominate candidates for regent of the University of Michigan, justices of the supreme court and several other minor state officers to be chosen at this year's election. Incidentally the convention is being made the occasion for a big rally of the democratic leaders from all over the state.

Lichtweichts Meet Tonight.

Philadelphia, March 1.—Pal Moore and Tommy Maloney meet in a six round bout here tonight.

Australia Dislikes Trusts.

Melbourne, March 1.—The government today is on record as an opponent of all kinds and manners of trusts in Australia following the declaration of the Minister of Trade and customs that the administration will "not permit a repetition of the scandals and malicious methods of monopolies in other countries." It is an authoritative statement that every trust in operation in the commonwealth would be proceeded against immediately. The announcement was made shortly after the minister had said semi-officially that several American trusts, including the meat trust, had begun operations on the island-continent.

A Switchman Killed

A special to the Pendleton East Oregonian says:
F. W. Doty, a switchman for the O-W railroad was crushed and instantly killed in a train accident here about 5:30 this morning. He was about 31 years of age and is survived by a wife and young son. They came here recently from Portland.

In company with Elmer Knight, another switchman, Doty was standing on the running board of the engine between the engine and a box car to which they were coupled when the locomotive backed into a string of cars with such force as to cause the box car and engine to be smashed together. Foreman Cullen saw the danger to the switchmen and signaled for them to jump. Knight heeded the signal and escaped without injury but Doty was crushed above the hips and died instantly.

Big Show of Dogs in Pittsburg.

Pittsburg, March 1.—Aristocratic dogs of all varieties, nearly 1,000 of them, are in the hands of the judges at the annual bench show of the Duquesne Kennel Club, which opened today and will continue until the end of the week. It is one of the most extensive exhibitions of dogs ever shown in this section. Prize winners from famous kennels throughout the country are included among the exhibits.

of the week. It is one of the most extensive exhibitions of dogs ever shown in this section. Prize winners from famous kennels throughout the country are included among the exhibits.

Americans Being Aided

El Paso, March 1.—A determined effort was made today by friends of Lawrence Converse and Edward Viatt, the American youths under arrest at Juarez, for bearing arms against the Mexican government, to prevent their being removed to Chihuahua for trial. Their preliminary hearing was secret but enough is learned to ascertain they will be held.

Revolt Against the Manchu

St. Petersburg, March 1.—The newspaper Reitch, which recently voiced the imperial government's demands on China, declares today that a great revolt against the Manchu dynasty is being organized in Peking.

A report that danger to foreigners and intimates that intervention by European powers may be necessary to prevent a repetition of the Boxer troubles.

Medical Conference at Chicago.

Chicago, March 1.—The seventh annual conference of the American Medical Association on medical education and medical legislation began at the Congress Hotel today with an attendance of prominent men from various points in the United States and Canada. The conference will remain in session three days.

Government After Packers

New York, March 1.—Federal indictment of the Chicago packers is predicted here by attaches of the district attorney's office. The federal grand jury has begun an examination of evidence produced by District Attorney Garvin of Jersey City which resulted in the indictments in the state courts. The state indictments are ineffective because the courts held the packers could not be extradited.

New President of Salvador.

San Salvador, March 1.—Dr. Manuel E. Arzujo was installed as president of the Republic of Salvador today, the event being accompanied with the usual ceremonies.

Eczema Cure a Beauty Wash.

Although D. D. D. Prescription has been recognized for years as the one remedy for Eczema, Psoriasis and all other forms of skin diseases, it is now known that there is no other wash, even those used by the beauty specialists, that can compare with this mild liquid, blackhead, rash and all similar skin affections.

For this reason alone, a bottle of D. D. D. should be kept on hand in every household. A trial 25c bottle will show you the merits of this great remedy as a complexion wash.

D. D. D. seems to remove the cause, whatever the trouble may be, cleansing the skin, and leaving it as soft and smooth and clear as that of a healthy child.

Get a 25 cent bottle today and keep it in the house. The Newlin Drug Co. Feb. 28 Mch 2.

MOTHER AND DAUGHTER

Both Glad to Recommend Parisian Sage and Dandruff Cure.

Mrs. J. R. Burgess, writes from 514 Plum St., Danville, Va. June 4, 1910, as follows:

"I have used Parisian Sage and find it to be all you claim for it, and cheerfully recommend it to any one who is suffering from any hair dandruff or scalp trouble."

On the same date Ruth Odille Burgess, the charming little daughter of Mrs. Burgess wrote:

"I am only a little girl, but I want to tell what Parisian Sage has done for me. I had a scalp disease that looked like dandruff and when it was combed up there would be a bloody water under the dandruff. Mamma

tried everything in the way of hair tonics, without results, until she saw the advertisement of Parisian Sage; she got a bottle and it cured me, but kept on using it. Now I have as beautiful a head of hair as any girl."

Men, women and children, in every section of America who are using ordinary commercial hair tonics should give Parisian Sage a trial. It is so far ahead of all others that one application will prove its great superiority.

It is guaranteed by the Newlin Drug Co. to stop falling hair and itching scalp and to drive out all dandruff in two weeks or money back. It grows hair in abundance and gives to the hair a lustrous and fascinating appearance. 50 cents a large bottle at the Newlin Drug Co. and druggists everywhere.
Feb. 15, 25 March 6
