CARELESS ABOUT APPENDICITIS IN LA GRANDE

Many La Grande people have chronic appendicitis which is carelessly treated as if it were ordinary bowel or stomach trouble. If you have wind or gas in the stomach or bowels, sour stomach or constipation, try simple buckthorn bark, glycerine, etc., as compounded in Adler-I-ka, the new German appendicitis remedy. A. T. Hill, druggist, states that A SINGLE DOSE of this simple remedy will relieve any bowel or stomach trouble.

BIG CONTRACTS CLOSED FOR CEMENT FOR CONTRACTORS.

Inadequate Quarters to Be Left for More Commodious Place.

The Grande Ronde Cash company will in a few days move from the present location into the building occupied by A. V. Oliver, recently purchased. They will still retain the building now occupied for a hay warehouse. When situated in their new quarters they will increase their various lines and with better facilities they can give their many customers better service. In speaking of this year's trade they say that so far this year they have contracts for 2,500 barrels of cement for city pavement, which is almost as much as they sold last year and shows that improvement work will be extensive in La Grande this year.

At the Arcade.

Another good program is now running at this popular house. The Edison picture, The Doctor, takes rank as one of the great pictures of the month. If detractors of the photo play could see this beautiful drama their objections must speedily vanish. No better sweeter thing could be devised, no more ennobling subject is possible. "Washed Ashore" an Urbin, the finding of a chest of money by two brothers and the results one of those ocean pictures for which this company is famous.

Wood Carving (Urbin) are industrial pictures. A series of views of a little known but much interesting occupation. The Rival Dramatists (Selig) comedy is very good.

Mr. Lynn F. Cowan in a spectacular cong production, "Don't Wake Me Up, I Am Dreaming," introduced with great success in the east.
