BRADLEY TO USE GROUND LEASE

LOCAL PLUMBER WILL HANDLE TEAM IN PROPOSED LEAGUE.

Will Not Solicit for Financial Support to Handle Team Only.

Because other towns anxious to obtain a berth in the proposed league in this section of the state are clamoring to know what La Grande proposes, and because local business men have not shown particularly great interest in the proposition, James Bradley, the plumber, announces that he will use a lease on the Lincoln grounds, obtained from G. A. Lincoln several months ago and plans to organize a team at once, on lines different entirely to that pursued by other towns in this section of the state.

With the commercial club just coming out of its reorganization, it finds itself swamped with business so that it cannot, like Baker, stand sponsor to the La Grande club. "Business men find themselves too actively engaged in their own affairs to give the needed attention to organization," said Bradley today in announcing his purpose, "and I will commence the gathering of players at once so that the league can be formed on time. Union, Baker and Elgin are ready to complete the league with La Grande but this city has been doing nothing toward organization, and consequently I took the matter up and will go ahead."

No Funds Solicited. Unless it becomes a matter of extreme necessity later on, Mr. Bradley will not solicit financial support from business men, planning to keep the team on its own footing if such a thing is possible. In any event a club will be organized without funds and put to playing and if it is found that the other teams have so much better material than that which can be produced by La Grande's amateur ranks; and the gate receipts do not admit of the employment of one salaried man as the by-laws of the proposed league will allow for, then and not until then will the hat be passed, as it has already been in the other towns.

There are several good ball players in the city who are new to La Grande and with what material already here Mr. Bradley believes he can whip out a winning team without support from business men.

However, he has placed a string to his conditions and that is that he will not assume the business management of the team—his duties involving the players only and a meeting of prospective members of the team will be held immediately to select a non-playing resident of La Grande to handle the business end of the club.

Bradley has held a lease all winter on the grounds but the fact has not been announced before and though he is willing to relinquish his lease or other arrangements were to be made, he has expressed himself as tired of the delay and with the condition named intends to commence "mobilization" of players immediately. It is thought the league will be formed within the next ten days.

DOWNWARD COURSE.

Fast Being Realized by La Grande People.

A little backache at first. Daily increasing till the back is lame and weak.

Urinary disorders quickly follow: Dropsy and finally Bright's disease. This is the downward course of kidney ills.

Don't take this course. La Grande residents should profit by the following experience:

Mrs. W. M. Giles, of Sumpter, Ore., says: "I was bothered for about two years by kidney complaint and the doctors could not help me to any extent. There was a constant dull pain across my loins and this was accompanied by a soreness over my kidneys. My back ached so intensely that I could hardly sleep and I had trouble from the kidney secretions. When I saw Doan's Kidney Pills advertised I was induced to try them and it required the contents of only one box to effect a cure. I value Doan's Kidney Pills highly."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United

States. Remember the name—Doan's—and take no other.

Have You Read This Book.

A new book telling how the fearful appendicitis is caused and how you can EASILY prevent it, is being read with much interest by La Grande people. It is given away free by A. T. Hill.

THE CAUSE OF COLDS.

Good Advice Regarding the Prevention of Coughs and Colds.

If people would only fortify and strengthen the system, the majority of cases of coughs, colds and pneumonia might be avoided. These troubles are frequently due to weakness, which produces a catarrhal condition of the mucous membrane, which is an internal skin of the body. When this skin is weakened it becomes easily infected with germs which cause many of the diseases to which flesh is heir. Healthy mucous membranes are essential safeguards of the body's general health.

We have a remedy which we honestly believe to be unsurpassed in excellence for the prevention of coughs, colds and all catarrhal conditions. It is the prescription of a famous physician, who has an enviable reputation of thirty years of cures gained through the use of this formula. We promise to make no charge for the medicine should it fail to do as we claim. We urge everybody who has need of such a medicine to try Rexall Muc-Tone.

It stands to reason that we could not afford to make such statements and give our own personal guarantee to this remedy if we were not prepared to prove the reasonableness of our claim in every particular, and we see no reason why any one should hesitate to accept our offer and try it. We have two sizes of Rexall Muc-Tone, prices 50 cents and \$1.00. Sometimes a 50-cent bottle is sufficient to give marked relief. As a general thing the most chronic case is relieved with an average of three large bottles. You can obtain Rexall Remedies only at our store—The Rexall Store Hills Drug Store.

Notice to Bicycle Riders.

Bear in mind on ordinance prevents you from riding on sidewalks in all parts of the city and this ordinance will be enforced to the letter. Please do not violate this with the expectation of getting off easy for such cannot be.

Extension Telephone

The Pacific Telephone and Telegraph Co.

An extension is an additional telephone connected on the same line as the main telephone.

It may be located in any part of the house.

It may be a wall or desk type.

It may have a bell or may not have a bell, as the subscriber may wish.

When a bell is installed on the extension it will ring whenever the bell rings on the main telephone.

An extension will save many steps in running to the main telephone to send or receive calls.

An extension will save the climbing of stairs.

An extension telephone will save the climbing of stairs.

An extension telephone will be found to be one of the most useful appliances in the modern household.

Let us suggest a convenient extension service at a low cost. Consult our local manager.
