

Why Let the Stranger Get the Best the Country Has to Offer?

PROFIT BY EXPERIENCE OF THE PAST AND
MAKE INVESTMENTS CLOSE HOME
WHERE YOU CAN LOOK AFTER
THEM YOURSELF

All over the country we hear the same story. "Several years ago I could have bought certain real estate for such a price and now it has made someone rich." Why not profit by these experiences of others and buy something that is not only a sure investment but has an investment feature that is positively bound to make good.

On everything there is an element of chance except in orchard development. It is conceded by bankers all over the country to be the one safe business venture. A few years ago when an excursion of middle states bankers came west they looked the country over carefully. Upon their return they openly announced that fruitlands had the best future of any other real estate venture.

The wisdom of their statements has proven true. In many well organized fruit sections land has advanced by leaps and bounds. Yet right here at home where a fruit district is just forming there is a great opportunity to buy orchards at one-fourth what is asked for lands in other sections. Will anyone deny that fruit here is not just as good as can be raised any place on the face of the earth?

Then why should the land not bring the prices of other sections? It will. But at the present time there is a period of organization in the Grande Ronde valley. The Imbler district is the heart of the fruit producing section and Imbler land is already being sought by the foreign investor. Now is the time for home folks to get in and reap some of the benefits known to have been harvested in other communities of the northwest.

You will never buy Imbler fruit land as cheaply as you can buy it today.

You will never have a better opportunity to invest a few hundred dollars that will positively bring the returns.

You will never be ashamed of an investment you have made at Imbler and never have to hide the stock of its concerns in the remotest corners of your safe.

Investigate the values at Imbler. Go out and look over the great area being set to trees that will bring money into this valley.

After making this thorough investigation and comparison with other fruit sections decide whether or not you prefer the uncertain stock values in a questionable corporation, whether you prefer to pay four times the price asked for Imbler fruit land in other sections, whether you want to play your money against the other fellow's town lot bunco game in Portland and Seattle.

8-HOUR LAW IS STRINGENT

WOMEN'S LABOR LAW IN WASHINGTON IS WELL FRAMED.

Eight-Hour Division of the Day is Provided by New Law.

Spokane, Wash., March 24.—(Special)—Eight hours for work, eight hours for sleep and eight hours for study and recreation, is the new order of things that may be worked out in the state of Washington when the woman's labor law becomes effective on June 9. The new regulation, adopted by the legislature at its last session, provides that no woman or girl employed in mercantile establishment, office, laundry, hotel or restaurant shall be permitted to work more than eight hours a day. The penalty is a fine of from \$10 to \$100 for each violation. Several manufacturing plants in Spokane have already worked out plans by which the eight-hour day will go into effect early in April, thus giving employment to from 15 to 25 per cent more women than formerly. The laundry men are not satisfied and are preparing to make a test case. The eight-hour rule has been observed in business offices several years, but the hotels and restaurants are working on a basis of 11 and 12 hours. Three thousand women in Spokane are affected by the change.

"Ole Olson" Coming.

"An honest tale speeds best being well told," and as "Ole Olson has had the seal of approval stamped upon it for years, the management says that at no period of his prosperous career, has he been able to present the play in so complete a manner, or has it been so well cast and embellished with so many novel and attractive features as this season.

"Ole Olson" comes in its positively original cast, with the exception of several novelties, new and up-to-date specialties, an immense amount of new fun and new situations to drive away the blues and makes you laugh. The cast is said to be a good one and you are assured of a splendid performance at the everlasting enjoyable "Ole Olson" on Thursday, March 30.
