WOMEN'S BEAUTY.

Imperfect Digestion Causes Bad Complexion and Dull Eyes.

The color in your cheeks won't fade, the brightness in your eye won't vanish, if you keep your stomach in good condition.

Belching of gas; heaviness, sour taste in mouth, dizziness, biliousness and nausea occur simply because the stomach is not properly digesting the food.

MI-O-NA stomach tablets give instant relief to upset stomachs but they do more; they put strength into the stomach and build it up so that it can easily digest a hearty meal.

"I had stomach trouble for six years—for days at a time could eat nothing at all. After taking MI-O-NA treatment I am in perfect health and can eat anything."—E. N. Campbell, 1200 S. Prospect St., Sedalia, Mo.

MI-O-NA is sold by Newlin's Drug company and druggists everywhere at 50 cents a large box. It is guaranteed to cure indigestion, and all stomach distress, or money back.

Hit Hard.

"I flatter myself I've made a hit with this song. Er—by the way, who was the gentleman that was moved to tears and went out?"

"That was the composer."—London Tatler.

WAS A FINE SHOW.

"Father and the Boys" One of the Very Best of the Kind.

It was more or less to be regretted that so few La Grande people saw "Father and the Boys" at the Steward last evening for it was truly a splendid show. The illustration presented of an indulgent father whose boys were gradually getting from under his control was true to life. Then the old man awakens and decides he must get in the game. He does so to a remarkable extent, and proves that he is standard bred and registered. The wholesome, tire play is refreshing, clean and

Great Program at the Isis.

The Observer man was an interested observer at the Isis when the new program was first run off and truly the good goods are there.

Manager Sherwood has a lecture for Tuesday, Wednesday and Thursday that, if anything, is better than any program previously offered during the year.

The feature film is a Pathe drama, entitled, "Legally Dead," with a story as follows:

Arthur Stanley marries a girl who, though she loves another, yields to her father's wish. A year later Stanley is called away to the quarry he owns and is buried beneath hundreds of tons of rock by a premature blast. His foreman sends a telegram to Mrs. Stanley, telling her of the tragic death for he doesn't know that Stanley was protected by a great mass of rock and that when he recovers consciousness he finds a way out to the opposite side of the mountain. The awful shock, however, has robbed him of his memory and he doesn't know who he is. Rescued by kind hearted folks he finally marries a lovely girl and lives happily until a snatch of music his present wife plays brings back all his past with a rush. He feels that he must go home but when he arrives he finds his first wife married again and his father-in-law getting a lawyer on the job finds that Stanley has been absent over seven years and is legally dead, thus making his wife's marriage legal. He returns to his second wife and all live happily ever after.

There is a haunting strain of music which follows all through the drama that adds to the intense interest of the story.

The Best of All Swedes.

"Ole Olson," the first and best of all Swedish dialect plays which attained the most gratifying success since it was first staged, will be here Thursday, March 30. "Ole Olson" furnishes a quaint picture of the development of the awkward, untutored immigrant lad into the shrewd, independent and prosperous Swedish-American as the northwest knows him. During the action of the play "Ole" will sing several songs, yodels and lullabies. Up-to-date specialties will be introduced by other members of the cast.

The Arcade Attraction.

Grandmothers War Story—a Kaleid. A very strong, dramatic story of the civil war, which affords Miss Gene Gantler ample opportunity to display her versatile powers. The story is simply told and so plain it cannot be misunderstood.

The Price of Victory, Edison. A film Carnegie should secure to assist in demonstrating his peace propaganda. It is difficult to describe a picture of this kind, so as to convey the information intended.

LEGAL BLUNDERS.

A Queer Decree of Divorce Issued by a Paris Court.

Some years ago, it is said, a legal blunder of a most extraordinary character was committed in one of the divorce courts in Paris. By some misapprehension on the part of the presiding judge, whose papers and mind had got confused, he actually mistook the name of an advocate who had been arguing a petition for the name of a petitioner himself and in granting and signing the decree of dissolution of marriage of the petitioner unwittingly substituted the advocate's name for the petitioner's and thus divorced the lawyer from his wife instead of granting the prayer for release of the advocate's client. As the lawyer had no desire for separation from his wife as there was no process for annulling an absolute decree for divorce, even to meet such a remarkable case, it became necessary through this judicial error for the man of law to remain his spouse without delay, and this he did.

A somewhat similar error was committed in the English court of chancery. There had been a litigation over some property, which was held by one man and claimed by another of the same name. In evading some order of the court the holder of the property had committed a contempt, and on this being called to the attention of the judge an order issued for the summoning, not of the guilty party, but of the claimant of the same surname, and the order, a very severe one, was actually in execution before the error was discovered.—New York Press.

BOOKS IN OLD ROME.

Trained Slave Copyists Turned Them Out Quick and Cheap.

There were in Augustan Rome established publishing houses which not only turned out large numbers of books, but many editions of them and at an incredibly small price. That their arrangements were businesslike may be inferred from the testimony of Horace. He relates that when an author failed to please the metropolis the publishers shipped the entire edition of his works to the provinces, and if he still failed as a writer they made arrangements to bring them back again and sell them as paper to the pastry and spice shops.

One great firm in Rome had over 2,000 trained slave copyists, and their work was swift and cheap, for Martial writes that they had ready an edition of a thousand copies of his "Epigrams" in just one hour, to be sold at 10 cents a copy. The exceedingly large reading public which all this indicates must have been many years in growing, and one may assume that Rome had long been a city of readers. Atticus, the publisher of Cicero, had a great many modern methods in the conduct of his business, and the fact that Caesar's "Commentaries" were very quickly dispatched to the outposts of civilization shows that the machinery of distribution was also well organized. Thus we may conclude that the advertising and publicity department was in good shape.—Bookman.

Bench and Bar.

Sir Edward Carson is noted for his ready Irish wit. On one occasion in court when the judge, with whom he had had more than one passage of arms, pointed out to him the discrepancy between the evidence of two of his witnesses, one a carpenter and the other a saloon keeper, he answered: "That's so, my lord. Yet another case of difference between bench and bar."—London M. A. P.

Starting Badly.

"Look here," exclaimed young Mr. Cotter Tarter in desperation, "is this or is it not a wedding tour?"
 "Why, of course," snapped young Mrs. C. T., "it's our wedding tour. What on earth did you think it was?"
 "Well, I'm beginning to think it's a lecture tour. Now cut it out, see?"—Toledo Blade.

Her Unalterable Decision.

To the new cook Mrs. Cross elaborately explained a certain method of preparing potatoes greatly approved of by the family. The cook listened to the directions with apparent attention.

"And now, do you quite understand, Della?" asked Mrs. Cross in conclusion.

"I do, m'm," was the response, and then, in a firm tone that admitted of no contradiction, she added, "But it's billed potatoes ye'll eat."
