## SIXTH AND MAIN SQUAW MAN HERE WORK SURE APRIL 13TH

**BIDS ACCEPTED AT \$2.00 PER SQ. YARD ON SIXTH.**

**Bids Now Being Advertised for on Main—Macadam Fourth at Once.**

Long strides toward realization of hard surface paving were stepped off last evening when, in the course of the evening transactions by the council, Sixth street bids for bitulithic paving from the Warren Construction company, reading \$2.00 per square yard, were accepted, the preliminaries on Main street gone through and bids ordered advertised to be on hand in a week or so, and a petition came in for paving, hard surface, on Washington from First to Fir.

Regarding the Sixth street project, the bid of the Warren people was accepted and the council immediately afterwards passed a resolution calling for an ordinance of contract between the city and the council. The work will be carried on this spring, from Washington to K avenue, near the court house.

On Main street from First to Fourth the contract will be let in 10 day's time, meaning a large bulk of bitulithic will actually be laid this year. The Washington avenue project, entailing work on seven blocks, is still in the embryo, of course but indications point to the accomplishment of this work this summer.

### MACADAM FOURTH STREET

**Sixteen Thousand Is Estimated Cost of Improving Fourth Street.**

Commissioners appointed to appraise the Fourth street macadam project reported last night that the work will cost about \$16,000 and will improve Fourth street, the long thoroughfare to a width of 40 feet. This commences at the foot of the hill where the bitulithic ends and continues to the end of Fourth street. Sharp competition in bids is expected on this work, and it, too, will be commenced it is believed, this spring although there is still a chance for the contract has not been let.

**Routine Work Done.**  
Petitioners last night asked for a water main coming down Second to N, terminating near the Hubbard residence. This was referred.

The Second street main came up for discussion when it was made known that Mayor Richardson was urging the Newport people by wire, to repair the work found faulty. Nothing has been heard from the company of late.

All the councilmen and mayor were on hand last evening and a great deal of work was done. Among other things was a decision not to establish any more sidewalk grades until it had been definitely determined who was to let the contracts, the city or the property owners. This report will be made next Wednesday when the council meets again.

Reading of bills and allowing salary bills occupied considerable time. The big water users' and the plumbing inspection ordinances were passed.

When you were a cold get a bottle of Chamberlain's Cough Remedy. It will fix you up all right and will head off your tendency toward pneumonia. It contains no opium or other narcotic and may be given as confidently to a child as to an adult.

"The Squaw Man," H. E. Pierce and company's great play of western ranch life, will be the attraction at the Steward April 13. The selection of this drama of the west will meet with wide approval in La Grande and the production itself, promises to be one of the most pretentious that will be seen here during the present season. "The Squaw Man" is a genuine American play, replete with virility and strength Adwin Milton Royle, the author, has skillfully combined his ingredients of dramatic interest with the proper mixture of comedy, and has succeeded in evolving a rare play wherein swiftly alternating laughs give, place, frequently, to moments of intense pathos. The management has furnished a complete scenic production, the same as was used in Chicago and New York, which will be used, in its entirety, during the engagement.
