NEW NUMBERS ON ENGINES

MALLET ENGINES CHANGED TO 700 CLASS; OTHERS CHANGE
 Dog House to Be Painted and Made Cozy—Other Railroad News.

Changes in numbering engines have been ordered by O.-W. officials and within a short time there will be half a dozen other engines here whose identity will be changed as far as their numbers are concerned. The most important of the changes brought about for reasons not announced, but presumed to be on account of the change from O. R. & N. to O.-W., comes with the big Mallet engines which are soon to be changed from 450, 451 and 452 to the 700 class, commencing with 700 and running 700, 701 and 702. The first Mallet to undergo this change was 450 which is now coming out of the Albina shops after a complete overhauling, and incidentally as 700. No. 451 will be sent from here at once and it will come back as 701 and so on. In addition to these changes the 205 will be put into the 300 class and the 211 will be changed to the 250 class at once. Local officials do not know the reason for the change.

REPAIR DOG HOUSE.
 Building Is Moved to Division Foreman's Office This Week.

Since the removal of the O.-W. dog house from the west end of the round house to a point just north of the general store house, Division Engineer Watson announces that the place is to be made more convenient and cozy to the railroaders. It will be repainted, new chairs will be put in and every effort made to give good accommodations to engineers and firemen headquartering there. Then, too, the building will be much handier to the division foreman's office where the crews can be marked up without walking several blocks.

Yards in Good Condition.
 Assistant Superintendent Ladd, of the mechanical department, was in La Grande yesterday and expressed his full fledge satisfaction at the manner in which Division Foreman Watson and his assistants have expedited the installation of machinery in the new machine shop and the general trim appearance of the yards during the difficult work. With the exception of a few odds and ends, the old machine shop has been moved to the new building. The stalls used in the round house will now be available for round house purposes.

Other Railroad Items.
 L. P. Coolie, representing Dearborn Compound was in the city yesterday calling on railroad officials here. He was much pleased with the standard of the new shops.
 Traveling Passenger Agent J. H. O'Neil went out on the Joseph branch this morning.
 Engine 199, the proverbial hoodoo, leaves at once for Albina for an extensive overhauling, the work being ordered done there because the shops here are crowded with repair work.

NOBODY SPARED.

Kidney Troubles Attack La Grande Men and Women, Old or Young.
 Kidney ills seize young and old. Come quickly with little warning. Children suffer in their early years. Don't control the kidney secretions. Girls are languid, nervous, suffer pain.
 Women worry, can't do daily work. Men have lame and aching backs. The cure for man, woman or child. Is to cure the cause—the kidneys. Doan's Kidney Pills reach the cause. The following testimony proves it. Mrs. S. J. Gilman, North Union, Ore., says: "We used Doan's Kidney Pills in our family about two years ago and found them to be an effective kidney medicine. One of our daughters had a severe attack of kidney trouble and was unable to control the kidney secretions. Several well-known remedies were tried but no benefit was received until Doan's Kidney Pills were taken. The result of their use was a permanent cure."
 For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York sole agents for the United States.
 Remember the name—Doan's—and take no other.
