#### A Versatile Actor.

One of the most interesting productions that will be at the Steward this season is "The Squaw Man." It is the product of the versatile Edwin Milton Royle's pen. Mr. Royle was happy in the selection of his locality upon which to build a story, and it contains all the elements that go to make a success. No section of America holds a stronger fascination for the tourist than does the great west, with its great wide plains and interesting characters. Mr. Royle has laid his story in Utah, the famous cattle country, where many stories could be told of fortune made and lost. He has cleverly converted actual occurrences and scenes to stage uses, and how well he did his work will be demonstrated when "The Squaw Man" will be presented at the Steward soon by an especially selected cast.
