

TORNADO SWEEPS SOUTHERN STATES LEVELING TOWNS AND INJURING MANY; PROPERTY DAMAGE HEAVY

Kansas City, April 13.—Deaths, injuries that reach far beyond a hundred, enormous property damage, hastily reckoned at a half million, are some of the results of a frightful tornado which swept Kansas, Missouri and Oklahoma last night. Some of the more serious cases follow:

Big Heart, Oklahoma, 10 injured, many of whom will die; Chocotah, two dead; Meeker, four dead; Netawka, three injured; Muskogee, 10 injured.

Kansas Towns Spilled.
In Kansas the most serious damage consisted of:

Hiawatha, three dead and one injured; Whiting, one dead and 30 injured.

In Missouri the list includes: Joplin, one dead and four injured. Webb City, four injured. Eskeridge, 30 school children injured.

Nebraska Town Gone.

Whiting is entirely gone and 60 buildings are leveled. It is miraculous how the death list was kept down to one for the buildings were scattered broadcast and with little warning to the inhabitants of the small town. The storm was seen approaching and the people sought the best refuge possible and with considerable success.

Early this morning the property damage is placed at a half million but it is believed that this will grow for belated wire reports—telegraphic communication is difficult and often impossible—will add to the total of property loss and the total death list as well.

Of the injured many are so badly bruised and crushed that recovery is impossible. Until the wire service is repaired it will be difficult to get accurate figures from the smaller towns in the path of the storm.

May Removed in Stock Cars.

Muskogee, Okla., April 13.—Forty of those injured in a hurricane at Big Heart were taken to Tulsa today in stock cars for treatment.

Two Other Towns Feel It.

Omaha, April 13.—The towns of Snell and Oconto, Neb., were visited last night by a tornado that did considerable damage but there were no fatalities.

One Thousand Homeless.

Pawhuski, Okla., April 13.—With the town of Big Heart practically razed, 1,000 are homeless. Investigation today showed that the loss to the Osage nation of Indiana, as a result of the tornado, exceeds \$1,000,000. It is now known that 10 lost their lives at Big Heart.

OHIO DEMOCRAT WHO HELD CENTER OF DEMOCRATIC GATHERING AT INDIANAPOLIS TODAY.

Copyright, 1910, by American Press Association.

Indianapolis, Ind., April 13.—Judson Harmon, the Ohio democrat, was the chief figure in today's democratic confab at which victory in 1912 is the fundamental cry—and that he was the central figure is all the more remarkable because such men as Bryan, Woodrow Wilson, Thomas P. Marshall and others were present. Other democratic leaders of national prominence who joined in sounding the keynotes for the 1912 campaign are Governor Foss of Massachusetts, Governor Burke of North Dakota, former Governor Folk of Missouri, former Governor Peck of Wisconsin, former Governor McCreary of Kentucky and former Governor McCorkle of West Virginia.

FRUIT EXCHANGE MAKES DEAL

UNION OUTPUT OF FRUIT TO BE HANDLED FROM PORTLAND.

Exchange Created a Year Ago Secures Contract for Union.

Union, April 13.—(Special)—At a largely attended meeting of fruit growers held at Union Tuesday night, it was unanimously decided to market all the fruit produced here through the Northwestern Fruit exchange whose headquarters are in Portland. As a result, the Farmers Union exchange, perhaps the best organization in Eastern Oregon, contracted with the Northwest Fruit exchange for the marketing of the entire output of their association for the season of 1911.

The Northwestern Fruit exchange is fully equipped with the facilities for complete marketing. The exchange claims to have attained exceedingly high records for fruit this year through its comprehensive distribution to all markets of the world. Other fruit associations of the Grande Ronde valley are said to be considering the proposition of joining the exchange and contracting for this marketing service.

The Northwestern Fruit exchange is easily confused with the huge co-operative exchange which is now in the process of formation also having headquarters in Portland. The Northwestern exchange has been in operation in the northwest for a year's time while the one of which so much has been said of late, is now in the embryonic stage. C. S. Williams is president of the Union county and Eastern Oregon branch association which was formed last Saturday in the city for the purpose of joining with the Central exchange, while B. U. Young of Portland is looking after the interests of the Northwestern exchange in this valley.

PULLMAN FRUIT DISTRICT SUFFERS HALF-MILLION DOLLAR LOSS; OREGON TOWNS FARE WELL

Pullman, Wn., April 13.—The hardest April freeze in years practically destroyed all fruits in the Snake river district last night. The loss is estimated at a half million at the very least. Peaches, apricots and cherries were completely killed while plums and prunes may yield a half crop at the best. The mercury registered 18 degrees below freezing.

Medford Suffers but Little.

Medford, April 13.—Frost last night practically did no damage to the fruit on account of smudge fires. The same is true in Marion county.

Boise, April 13.—Frost did heavy

damage to cherries, peaches and apricots in this district. Apples not far advanced, suffered little here, and but slightly in southern Idaho.

With the possible exception of pears and peaches, a poor crop, not a particle of damage has been done as yet in the Grande Ronde valley. Apples have escaped every injury thus far and the cherries too have fared well. The fruit situation continues indicative of banner crops. The tardiness of development alone is saving the crops from some damage as the frosts have been quite severe.

2,000,000 GALLONS OF CHAMPAGNE WASTED IN FRANCE AND RIOTS IN WINERY TOWNS CONTINUE

Paris, April 13.—With dawn of today the burning of wineries and pillaging of villages in the department of Marne by wine growers was renewed.
