## STUMP LANDERS TO CONVE

CONVENTION OF WASHINGTON AND IDAHO PROMOTERS

Logged-Off Land in Big Area to Be Sown to Small Grains.

Spokane, Wash., April 19.—(Special)—Two million acres of cut-over lands in Spokane, Stevens and Pend Oreille counties, in eastern Washington, and Bonner, Kootenai and Latah counties in northern Idaho, will be settled by colonists and developed as grain, hay, dairy and fruit farms during the next five years, if the plans of the Logged-off Land convention in Spokane are carried out. Representatives of the six counties will meet here on April 25 to work out the details of one of the most important movements yet started in the west.

Samuel Glasgow, chairman of the convention, which was called by Edwin T. Coman, president of the Spokane chamber of commerce, and attended by commissioners and officials of commercial clubs of the various counties, said in an interview that \$3,000 had been pledged by the several organizations to carry on the work, adding:

"There are many prospective settlers in various parts of the United States who are under the impression there is no land available in this district. I have been informed that cut-over timber land can be bought as low as \$10 an acre, payable in 10 yearly installments. Forty acres cleared and cultivated will make a living for any family. Of course, there is a lot of hard work to do in getting the land in shape for crops; it is a job for full-blooded men, who are not afraid to take a few knocks.

"This is not a land agent's scheme in any sense of the term, but a campaign to provide cheap lands for people in the congested centers of population. In many instances the state owns the land, the rest being held by timber companies, who have agreed to sell it at less than the original cost. We are now making plans to guard against speculators gaining control, and it is likely that the land will be sold only to bona fide settlers and farmers."

### Arcade Program Pleases.

The program at the Arcade last night was of more than ordinary interest. The film, "The Mexican Fill-busters," is a splendid picture. Miss Alice Joyce, the favorite of the Kalam company going over the top of the flying train and uncoupling the boxcar from the train is truly a daring bit of work.

The song by Mr. Cowan, "Portland Wants Us in 1912," made a great hit and brought forth a hearty round of applause between each verse. It is the new booster song for the Elks' convention in Portland in 1912. This program will run tonight and tomorrow night. Matinee every day at 2 o'clock.

### DOWNWARD COURSE.

Fast Being Realized by La Grande People.

A little backache at first. Daily increasing until the back is lame and weak.

Urinary disorders quickly follow; Dropsy and finally Bright's disease. This is the downward course of kidney ills.

Don't take this course. La Grande residents should profit by the following experience.

Mrs. W. M. Giles, of Sumpter, Ore., says: "I was bothered for about two years by kidney complaint and the doctors could not help me to any extent. There was a constant dull pain across my loins and this was accompanied by a soreness over my kidneys. My back ached so intensely that I could hardly sleep and I had trouble from the kidney secretions. When I saw Doan's Kidney Pills advertised I was induced to try them and it required the contents of only one box to effect a cure. I value Doan's Kidney Pills highly."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

## BIG CATHEDRAL DEDICATED

TWO COMPLETED CHAPELS ARE GIVEN BLESSINGS.

Great Line of Distinguished Men and Clergy Attend Services.

New York, April 19.—Many distinguished public men and eminent representatives of nearly all religious denominations joined today with the clergy and laity of the Episcopal church in dedicating the two completed chapels of the Cathedral of St. John the Divine, the great granite pile rising on Morningside Heights that has long attracted the attention of all visitors to New York. The ecclesiastical procession which was a feature of the dedication was the most imposing ever seen in the metropolis.

One of the finished chapels dedicated and opened to the public is a gift of August Belmont in memory of his first wife. The other is in memory of Miss Mary King, a gift from her father. Today's exercises also included the dedication of the choir loft and the organ which is the largest in America. The cathedral itself has been building for nearly 19 years, and on it between \$3,000,000 and \$4,000,000 have been spent thus far. It is estimated that about 30 years will be required to complete it and the additional expenditure of about \$10,000,000. It is to be the largest and costliest church edifice in the western world.

### Gives Quick Action.

A. T. Hill reports that A SINGLE DOSE of simple buckthorn bark, glycerine, etc., as compounded in Adler-I-ka, the new German Appendicitis remedy, relieves any stomach or bowel trouble. Many La Grande people are being helped.

**Why pay Rent? We loan you money to build, and you pay us as you would rent.**

**J. R. OLIVER.**

The quicker a cold is gotten rid of the less the danger from pneumonia and other serious diseases. Mr. B. W. L. Hall, of Waverly, Va., says: "I firmly believe Chamberlain's Cough Remedy to be absolutely the best preparation on the market for colds. I have recommended it to my friends and they all agree with me." For sale by all dealers.

### CARELESS ABOUT APPEN-

CITIS IN LA GRANDE

Many La Grande people have chronic appendicitis which is carelessly treated as if it were ordinary bowel or stomach trouble. If you have wind or gas in the stomach or bowels, sour stomach or constipation, try simple buckthorn bark, glycerine, etc., as it is compounded in Adler-I-ka the new German appendicitis remedy. A. T. Hill, druggist, states that A SINGLE DOSE of this simple remedy will relieve any bowel or stomach trouble.
