

THE HARDIE TRIPLEX

Is built by specialists in Spray Pump manufacturing. Years of "knowing how" and a good factory insures you a sprayer that gives you the pressure and capacity all you need and one that anybody can run successfully all the time.

A cab with curtains covers and protects your machine from weather and spray.

On account of its light weight, your team can haul it anywhere, and its low construction allows you to operate in closely set orchards without

damage to fruit or trees. Our rotary propeller agitator insures you a uniform spraying mixture at all times, and this, with the even high pressure given by our Triplex Pump, gives you the highest yield of perfect fruit.

Yourself and the few tools we send with each machine constitute all the machinists and experts needed for successful operation.

Efficiency, lightness of weight, ease of operation and low cost of upkeep leave in the Hardie Triplex

NOTHING TO WATCH BUT THE SPRAY

Over 300 Hardie Spray Outfits were used in Fruit districts of the Pacific Northwest last season.

GRAND VIEW

ADDITION

Grand View Addition is the most beautiful spot about La Grande. You can purchase a lot in Grand View Addition and have three years' time in which to make payment for same, and during that time you have neither interest nor taxes to pay.

Let this sink in deep.

Then come to our office or call us up on the phone and request us to show you this property.

If you have never invested in real estate before this is your opportunity to get the proper start.

If you have made investments in real estate, avail yourself of this opportunity to make comparisons.

The terms are such that no sacrifice will have to be made in order to meet them.

If this addition was located near a town with a less bright future before it than La Grande, it would still be an excellent investment, and with the future La Grande has before it, the increase in the value of these lots will be phenomenal.
