## LOCAL TEACHER GETS CHAIR

### SUMMER COURSE AT UNIVERSITY EMPLOYS MR. NEUBAUER.

Instructor in Mathematics Here Goes to University Faculty.

Prof. F. J. Neubauer, instructor in mathematics at the La Grande high school, has been tendered the distinction of a chair at the university of Oregon summer school. His work while attending the Eugene institution was of such high efficiency that the management of the summer instructions, headed by Dr. H. D. Sheldon, has secured the services of Prof. Neubauer for the summer. Instructors from many states and the foremost institutions of learning in the country are among the list of lecturers for this course, and Mr. Neubauer's appointment is therefore all the more noteworthy, for he is only recently out of the university himself.

The summer school will begin on Monday, June 26, and will continue for six weeks. Emphasis will be placed on educational work, this being the chief purpose of the session. A special department of training for rural school supervisors is entered in the course this year for the first time.

This work will be presided over by President J. H. Ackerman of the Month normal school; State Superintendent L. R. Alderman; T. J. Gary, superintendent of schools in Clackamas county, and J. P. Weil, superintendent for Jackson county. S. C. Ball and Ruby Shearer, both principals of school in Portland, will conduct courses in elementary methodology, and J. G. Collicott, city superintendent of schools in Tacoma, Wash., will hold lectures on city school supervision and high school administration. In addition to regular members of the faculty who will have charge of the summer normal courses for high school teachers, Professor G. W. Hauschild, of the university of Washington, has been secured for the department of German, and Professor G. R. McMinn of the university of California, for the department of English literature and rhetoric. Other instructors from outside schools will be A. F. Hemenway, a graduate student of Harvard, in biology, and Professor F. J. Neubauer, of the La Grande high school, in elementary mathematics.

### SELLS-FLOTO COMING.

June First Will Be Circus Day in La Grande.

On the first day of June the great Sells-Floto circus will visit La Grande in the regular course of its annual summer tour.

Everyone conversant with the story of the world of amusements knows the history of the uphill fight that the western circus has had for sheer existence until it has become one of the most potent factors amongst magnificent American enterprises.

This season, if we are to believe the advance notices sent out by the press, the circus will come to us noticeably increased both as to quality and quantity.

Last season the Sells-Floto people instituted a campaign of popular prices reducing the rate of admission from 50 to 25 cents. In doing so, it is asserted that they have for the first time in their history returned home with a balance on the right side of the ledger. The same policy will prevail this year. Twenty-five cents is their slogan. No more, no less, and for this nominal sum they declared themselves ready to furnish an entertainment costing approximately \$3,000.00 a day to produce.

Many of the features are novelties. The Sells-Floto show has always been noted for the magnificence of its entourage. They have promised to outdo themselves this year and to that end are carrying 20 more cars than they have heretofore.

The list of the attractions on their program will be given in these columns at a later date.

"I had been troubled with constipation for two years and tried all of the best physicians in Bristol, Tenn., and they could do nothing for me," writes Thos. E. Williams, Middleboro, Ky. "Two packages of Chamberlain's Stomach and Liver Tablets cured me." For sale by all dealers.

No one thing gives a young man more prestige among business men than a bank account. The fact that a man has money in the bank, betokens habits of thrift and frugality. It is an index to a young man's character. Nothing so begets a feeling of confidence and self-reliance, as a healthy, growing bank account. To those who have not yet established themselves, we invite a careful consideration of our institution. Our strength, and our high position in the community, are unquestioned.
