The elusive weevil is a most up-to-date insect for it travels by train and Mr. Reeves said this morning that the most likely place to find them was in box cars, which stamped the insect as a sort of traveling tramp. But it can do much damage and every effort is being made to keep it from traveling away from the vicinity of Salt Lake, where all the men that can be procured are keeping the insect under subjection.

Professor Webster is being taken over the route by Mr. Reeves, making the trip by daylight in order to study the country in regard to the possibilities of the alfalfa weevil coming here and to study remedies for its migration. Mr. Reeves gave the assurance that the insect they are studying and searching for was not in this vicinity.

HIDDEN DANGERS.

Nature Gives Timely Warnings That No La Grande Citizen Can Afford to Ignore.

Danger signal No. 1 comes from the kidney secretions. They will warn you when the kidneys are sick. Well kidneys excrete a clear, amber fluid. Sick kidneys send out a thin, pale and foamy, or a thick, red, ill-smelling urine, full of sediment and irregular of passage.

Danger signal No. 2 comes from the back. Back pains, dull and heavy, or sharp and acute, tell you of sick kidneys and warn you of the approach of dropsy, gravel and Bright's disease. Doan's Kidney Pills help sick kidneys. Here is proof in the statement of a nearby resident.

John Torongo, of Cracker street, Sumpter, Ore., says: "Last spring my kidneys were disordered and I began to suffer from backache. I no-

ticed that the kidney secretions were highly colored and painful in passage and I thus knew that my kidneys were at fault. The use of one box of Doan's Kidney Pills toned up my kidneys and caused the backache to cease. I am grateful to Doan's Kidney Pills for what they did for me."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.
